Agency Theory and Corporate Governance

Agency theory is part of the bigger topic of corporate governance. It involves the problem of directors controlling a company whilst shareholders own the company. In the past, a problem was identified whereby the directors might not act in the shareholders (or other stakeholders) best interests.

Agency theory

Agency theory defines the relationship between the principals (such as

Where To Download Agency Theory And

Shareholders of company) and agents (such as directors of company). According to this theory, the principals of the company hire the agents to perform work. The principals delegate the work of running the business to the directors or managers, who are agents of shareholders.

have contributed in explaining the actions of interest groups in the corporate governance debates.

Agency Theory and Stakeholder Theory compared | Business ...

Agency theory relative to corporate governance assumes a two-tier form of firm control: managers and owners. Agency theory holds that there will be some friction and mistrust between these two groups. The basic structure of the corporation, therefore, is the web of contractual relations among different interest groups with a stake
