The New York Times bestseller: "You gotta read this. It is the most exciting book about Pluto you will ever read in your life." —Jon Stewart When the Rose Center for Earth and Space at the American Museum of Natural History reclassified Pluto as an icy comet, the New York Times proclaimed on page one, "Pluto Not a Planet? Only in New York." Immediately, the public, professionals, and press were choosing sides over Pluto's planethood. Pluto is entrenched in our cultural and emotional view of the cosmos, and Neil deGrasse Tyson, award-winning author and director of the Rose Center, is on a quest to discover why. He stood at the heart of the controversy over Pluto's demotion, and consequently Plutophiles have freely shared their opinions with him, including endless hate mail from third-graders. With his inimitable wit, Tyson delivers a minihistory of planets, describes the oversized characters of the people who study them, and recounts how America's favorite planet was ousted from the cosmic hub.

The first and most terrifying monster in English literature, from the great early epic Beowulf, tells his own side of the story in this frequently banned book. This classic and much lauded retelling of Beowulf follows the monster Grendel as he learns about humans and fights the war at the center of the Anglo Saxon classic epic. This is the book William Gass called "one of the finest of our contemporary fictions."

This early work by William Wyndham Jacobs was originally published in 1902 and we are now republishing it with a brand new introductory biography. Jacobs worked as a clerk in the civil service before turning to writing in his late twenties, publishing his first short story in 1895. Most of Jacobs' work appeared before the onset of World War I, and although the majority of his output was humorous in tone, he is best-remembered now for his macabre tales, particularly those contained in his 1902 collection *The Lady of the Barge*, such as 'The Monkey's Paw' and 'The Toll House'.

Life On The Mississippi by Mark Twain. *Life on the Mississippi* is a memoir of Twain's personal experiences as a steamboat pilot on the Mississippi River. As a boy, he talks his way onto the Paul Jones, a steamer, where he pays the pilot, Mr. Bixby, \$500 to teach him everything he knows. Twain delivers a sonorous history of the Mississippi River, detailing its ecology and the early attempts by explorers to chart the river's often treacherous waters. Twain uses amusing personal anecdotes to paint a picture of life on the Mississippi. He describes small shore towns, lively talkers, and the victim of a wildcat. Most of all, Twain writes about his love for steamboats. He was himself a skilled pilot, and he learned how to read the currents of the notoriously fickle Mississippi River. His early education as a pilot comprises some of the best material in the memoir. Fashioned from the same experiences that would inspire the masterpiece *Huckleberry Finn*, *Life on the Mississippi* is Mark Twain's most brilliant and most personal nonfiction work. It is at once an affectionate evocation of the vital river life in the steamboat era and a melancholy reminiscence of its passing after the Civil War, a priceless collection of humorous anecdotes and folktales, and a unique glimpse into Twain's life before he began to write. Written in a prose style that has been hailed as among the greatest in English literature, *Life on the Mississippi* established Twain as not only the most popular humorist of his time but also America's most profound chronicler of the human comedy. The first half of the text was published in 1875 as a seven-part series in the *Atlantic Monthly*. Though the text was actually written after the Civil War, these first 20 chapters describe life on the river before this iconic historical event took place. Many scholars and readers feel that this section is the strongest part of the book, providing the reader with engaging pictures of life on the Mississippi in a simpler time. In fact, the author begins the book with a discussion of the archaeological history of the river and early exploration. One of Twain's early experiences on the Mississippi is the time he spent as a pilot cub on a steamboat. A pilot cub is like an assistant, learning the skills of piloting a ship while working as a junior member of the crew. The youthful Samuel Clemmons met steamboat Captain Horace Bixby on a trip to New Orleans. Twain became a steamboat captain's apprentice, giving him unique learning opportunities and skills that he shares with the reader in *Life on the Mississippi*. Twain writes about his love for steamboats. He was himself a skilled pilot, and he learned how to read the notoriously treacherous currents of the mighty Mississippi River. His early education as a pilot comprises some of the best material in the memoir. Unfortunately, the second part of *Life on the Mississippi* was written, in large part, to fulfill Twain's publishing contract. It is not quite as engaging as the first section, partly because it is not as heavily based on personal experience. Twain did return to the river in later days, after the Civil War. But his descriptions seem more fictionalized than memoir in this second section of the book. In this section, the premise is that the author wants to return to see the changes and the progress along the river as industrialization takes hold and culture changes after the war. In the text, the author, serving as a reporter and a writer chronicling the Mississippi river culture, brings along a poet and a secretary, and they travel in disguise in order to get a more authentic experience from the journey.

A study of what would happen to Earth if the human presence was removed examines our legacy for the planet, from the objects that would vanish without human intervention to those that would become long-lasting remnants of humankind.

Spring and All (1923) is a book of poems by William Carlos Williams. Predominately known as a poet, Williams frequently pushed the limits of prose style throughout his works, often comprised of a seamless blend of both forms of writing. In *Spring and All*, the closest thing to a manifesto he wrote, Williams addresses the nature of his modern poetics which not only pursues a particularly American idiom, but attempts to capture the relationship between language and the world it describes. Part essay, part poem, *Spring and All* is a landmark of American literature from a poet whose daring search for the outer limits of life both redefined and expanded the meaning of language itself. "There is a constant barrier between the reader and his consciousness of immediate contact with the world. If there is an ocean it is here." In *Spring and All*, Williams identifies the incomprehensible nature of consciousness as the single most important subject of poetry. Accused of being "heartless" and "cruel," of producing "positively repellent" works of art in order to "make fun of humanity," Williams doesn't so much defend himself as dig in his heels. His poetry is addressed "[t]o the imagination" itself; it seeks to break down the "the barrier between sense and the vaporous fringe which distracts the attention from its agonized approaches to the moment." When he states that "so much depends / upon // a red wheel / barrow," he refers to the need to understand the nature of language, which keeps us in touch with the world. With a beautifully designed cover and professionally typeset manuscript, this edition of William Carlos Williams' *Spring and All* is a classic of American literature reimagined for modern readers.

This gridded notebook from SUPER 7 features a playful design to appeal to all audiences. With 72 gridded pages and a glossy cardstock cover, this journal will be sure to impress.

Shocking and controversial when it was first published in 1939, Steinbeck's Pulitzer prize-winning epic remains his undisputed masterpiece. It tells of the Joad

family who travel West in search of the promised land, and find only broken dreams.

An epic masterpiece, Dante Alighieri's "The Divine Comedy" is an incredible dramatic journey that takes the reader from the glories of heaven to the searing pit of hell. Dante's poem is one of the finest and most enduring works in Western Civilization.
