Accidents happen, and when they do, insurance is what keeps our finances safe and sound. Whether an auto collision is your fault or somebody else's, your car insurance coverage should help you. How much it helps, however, is up to you, and this is determined by the combination of options that comprise your insurance policy. I've been working in insurance for more than twenty years, and I have been a consumer longer than that. I'm always amazed when I talk to friends and acquaintances, and they tell me that they've been with one company for years and have never shopped for a better deal. They could be saving a lot of money. Of course, they have their reasons. Sometimes they tell me that since all insurance is alike, there's no point. Sometimes they tell me that the policies are just too confusing. And occasionally they tell me they really hadn't thought about it. In this book we'll deal with the first two excuses and try to give you some good reasons not only to think about shopping your insurance, but show you how to actually do something about it.

Merritt's bestselling consumer title, HOW TO INSURE YOUR CAR is an insider's guide to finding the best coverage at the lowest prices. It includes case studies and worksheets to prepare for meetings with agents, brokers, and adjusters.

In today's world taking an insurance is become a necessary requirement for cars and all types of vehicles we use in everyday life. We need to know before taking the insurance what problems will come later when we go for a claim. While taking insurance is hassle free and easy, when it comes to getting claims we face a lot of hurdles which we need to be aware while taking the insurance. Also, after we have taken such insurances for our cars/vehicles we also need to know about the problems we are facing in getting the insurance claim for our vehicle. Also, one needs to check the safety features the car provides. Accidents occur mainly because of weak lights and front glass getting foggy resulting in poor visibility..

Chapter 13 - After the Purchase helps you take care of your new investment. From the author So, you're ready to buy a used car? Or at least you're thinking about it. Well, I'm your Uncle Wally, and I'm here to help. I've bought over a dozen cars over the last 40 years. Most people decide to buy a car, walk onto a car lot, and leave a few hours later with a huge debt and a vehicle that may or may not suit their needs. In *Buying a Used Car - Uncle Wally's Guide*, you'll walk a different path. Your car expenses - payments, maintenance, and insurance - will likely represent a significant monthly commitment. Buying a car is a major purchase for most of us, and we don't need to make a mistake. If we buy a bad meal, we just don't go back to the restaurant. If our vacation choice isn't fulfilling, we can make different plans next year. But when we buy a car, we're committing to a longer time frame. Because cars depreciate in value, mistakes can be expensive. Returning a car after two months because it doesn't fit your needs can result in a real financial blow. I wish I could be there to help you in person. Because I can't, I decided to write this book. Drive safely, and be
