A New York Times Best seller! In Level Zero Heroes, Michael Golembesky follows the members of U.S. Marine Special Operations Team 8222 on their assignment to the remote and isolated Taliban stronghold known as Bala Murghab as they conduct special operations in an effort to break the Taliban's grip on the Valley. What started out as a routine mission changed when two 82nd Airborne Paratroopers tragically drowned in the Bala Murghab River while trying to retrieve vital supplies from an air drop that had gone terribly wrong. In this one moment, the focus and purpose of the friendly forces at Forward Operating Base Todd, where Team 8222 was assigned, was forever altered as a massive clearing operation was initiated to break the Taliban's stranglehold on the valley and recover the bodies. From close-quarters firefights in Afghan villages to capturing key-terrain from the Taliban in the unforgiving Afghan winter, this intense and personal story depicts the brave actions and sacrifices of MSOT 8222. Readers will understand the hopelessness of being pinned down under a hail of enemy gunfire and the quake of the earth as a 2000 lb. guided bomb levels a fortified Taliban fighting position. A powerful and moving story of Marine Operators doing what they do best, Level Zero Heroes brings to life the mission of these selected few that fought side-by-side in Afghanistan, in a narrative as action-packed and emotional as anything to emerge from the Special Operations community contribution to the Afghan War.

Follows the members of U.S. Marine Special Operations Team 8222 on their assignment to the remote and isolated Taliban stronghold known as Bala Murghab as they tried to break the Taliban's grip on the valley.

The sequel to New York Times bestseller Level Zero Heroes Level Zero Heroes, Michael Golembesky's bestselling account of Marine Special Operations Team 8222 in Bala Murghab, Afghanistan, was just the beginning for these now battle-hardened special operations warriors. The unforgiving Afghan winter has settled upon the 22 men of Marine Special Operations Team 8222, callsign Dagger 22, in the remote and hostile river valley of Bala Murghab, Afghanistan. The Taliban fighters in the region would have liked nothing more than to once again go dormant and rest until the new spring fighting season began. No chance of that!this winter would be different. Along with Afghan and International Security Forces (NATO), the Marines of Dagger 22 continued their fight throughout the harsh winter to shape the battlefield before the Afghan ground began to thaw. From one firefight to the next, the noose began to tighten around the village of Daneh Pasab and the Taliban command cell operating there. On April 6, 2010, a ground force consisting of U.S. Army Special Forces, Afghan Commandos and Marine Corps special operations conducted a night assault to destroy the heavily entrenched Taliban force, breaking their grip on the valley and stopping the spring offensive before it even began. But nothing in Bala Murghab comes easily as combat operations wear on the operators of Dagger 22 as they lean on each other once again in order to complete their mission in one of the most brutal environments on earth.

In 2006, the U.S. Marines officially became part of the U.S. Special Operations Command (SOCOM) with the creation of the Marine Special Operations Command (MARSOC). Drawn from the ranks of the Force Recon companies, these highly skilled and combat-proven Leathernecks would take the war to al Qaeda and the Taliban in America's global war on terrorism. MARSOC is steeped in the heritage of the Marine Raiders of World War II. Force Reconnaissance companies of Vietnam, and Detachment-One, which stood up after the attacks on 9/11. Their mission is to win wars before they begin, taking the warfare beyond the front line. When America wants to display its might, the Commander in Chief will send in the Marines. With the creation of MARSOC, chances are they are already there.

From Beau Wise and Tom Sileo comes Three Wise Men, an incredible memoir of family, service and sacrifice by a Marine who lost both his brothers in combat--becoming the only "Sole Survivor" during the war in Afghanistan. Shortly after the 9/11 attacks, three brothers by blood became brothers in arms when each volunteered to defend their country. No military family has sacrificed more during the ensuing war, which has become the longest ever fought by America's armed forces. While serving in Afghanistan, US Navy SEAL veteran and CIA contractor Jeremy Wise was killed in an al Qaeda suicide bombing that devastated the US intelligence community. Less than three years later, US Army Green Beret sniper Ben Wise was fatally wounded after volunteering for a dangerous assignment during a firefight with the Taliban. Ben was posthumously awarded the Silver Star, while Jeremy received the Intelligence Star!one of the rarest awards bestowed by the U.S. government!and also a star on the CIA's Memorial Wall. United States Marine Corps combat veteran Beau Wise is the only known American service member to be pulled from the battlefield after losing two brothers in Afghanistan. Told in Beau's voice, Three Wise Men is an American family's historic true story of service and sacrifice.

On 8 November 2004, the largest battle of the War on Terror began, with the US Army's assault on Fallujah and its network of tens of thousands of insurgents hiding in fortified bunkers, on rooftops, and inside booby-trapped houses. For Sgt. David Bellavia of 3rd Platoon, Alpha Company, it quickly turned into a battle on foot, from street to street and house to house. On the second day, he and his men laid siege to a mosque, only to be driven to a rooftop and surrounded, before heavy artillery could smash through to rescue them. By the third day, Bellavia charges an insurgent-filled house and finds himself trapped with six enemy fighters. One by one, he shoots, wrestles, stabs, and kills five of them, until his men arrive to take care of the final target. It is one of the most hair-raising battle stories of any age -- yet it does not spell the end of Bellavia's service. It would take severral more weeks before the Battle of Fallujah finally came to a close, with Bellavia, miraculously, alive. In the words of the author: "HOUSE TO HOUSE holds nothing back. It is a raw, gritty look at killing and combat and how men react to it. It is gut-wrenching, shocking and brutal. It is honest. It is not a glorification of war. Yet it will not shy from acknowledging this: sometimes it takes something as terrible as war for the full beauty of the human spirit to emerge."

An ideal textbook for classes on modern airpower and joint operations.

The memoir of Jason Delgado, a US Marine scout sniper and MARSOC's first lead sniper instructor. The fight for Jason Delgado's life and soul began when he was just a boy. He ultimately escaped the death and drugs of a crime-riddled Bronx by way of the United States Marine Corps. However, after earning his way into the esteemed ranks of the service's famed Scout Snipers, Delgado saw that old struggle reignited when he was dumped into the hell of war in Iraq. There Delgado proved not only a participant, but a warrior capable of turning the tide in several of the most harrowing and historically important battles of the evolving war. He took all the hard lessons learned in combat and, as MARSOC's original lead sniper instructor, made himself a pivotal figure in revolutionizing the way special operations snipers trained and operated. But even after accomplishing his mission in the military, Delgado still faced that original fight, struggling to understand and accept the man his experiences had transformed him into. Bounty Hunter 4/3 is Jason Delgado's captivating first-hand account of these powerful and life-changing experiences.

Pale Horse is the remarkable never-before-told true story of an army aviation task force during combat in the Afghan War, told by the commanding officer who was there. Set in the very valleys where the attacks of 9/11 were conceived, and where ten Medals of Honor have been earned since that fateful day the war began, the narrative races from ferocious firefights and bravery in battle to the quiet moments where the courageous men and women of Task Force Pale Horse catch their breath before they take to the skies again. Jimmy F. Blackmon writes with a power and hard-hitting honesty that leaps off the page. He has the respect of the men and women of his brigade, and a command of the narrative to tell their story. From pilots of lethal Apache attack helicopters who strike fear in their enemies to the medevac soldiers who risk their lives daily, these are warriors from a variety of backgrounds who learned selflessness and found the closest brotherhood they ever knew through the crucible of war. Pale Horse both honors and commemorates the service of this elite task force from the unique vantage point of the commander who led them in battle.
