With the first book I felt like Lee wanted to differ so much from Fifty Shades, that she ended up being more like it than she intended. That, at least, wasn't true for Conquer Me. I liked the way the story continued and I also like the subplots that were included every now so often.

Conquer Me by Geneva Lee. This is in my eyes the best part of this saga. Very intense, very dark and with so much erotic between the lines and pages – you won’t want to miss this. Good, the German cover (I read that edition) looks way too cute and doesn’t fit at all the content of this novel, but okay. I can live with that.

Emerald-green eyes and attitude, I fell for her the moment we met and hated her just as quickly. Five years ago, tragedy brought her to my door and sparked a love that consumed us like wildfire—hot, unpredictable, and impossible to control. We raged together until her father made her choose between me and the family name. I left. She stayed. I'm no longer the poor kid that lost her. I've made myself into a man that won't be ignored. Now her father is dead, the MacLaine empire is crumbling, and Adair's inheritance depends on the company's largest investor: me. \*\*\* My whole life changed the night I met Sterling Ford. Brilliant and intense, he came to Valmont with nothing but a scholarship and a chip on his shoulder. He was a grenade and I wanted to pull the pin. We were doomed from the first kiss. In the year of grace 1345, as Sir Roger Baron de Tourneville is gathering an army to join King Edward III in the war against France, a most astonishing event occurs: a huge silver ship descends through the sky and lands in a pasture beside the little village of Ansbj in northeastern Lincolnshire. The Wersgorix, whose scouting ship it is, are quite expert at taking over planets, and having determined from orbit that this one was suitable, they initiate standard world-conquering procedure. Ah, but this time it's no mere primitives the Wersgorix seek to enslave!they've launched their invasion against free Englishmen! In the end, only one alien is left alive!and Sir Roger's grand vision is born. He intends for the creature to fly the ship first to France to aid his King, then on to the Holy Land to vanquish the infidel. Unfortunately, he has not allowed for the treachery of the alien pilot, who instead takes the craft to his home planet, where, he thinks, these upstart barbarians will have no choice but to surrender. But that knavish alien little understands the indomitable will and clever resourcefulness of Englishmen, no matter how great the odds against them... Submissive women have needs just like anybody else. But how can a woman get her needs met when she's relinquished her power to her dominant partner? With warmth, wisdom and a down-to-earth approach, experienced submissive Kacie Cunningham analyzes the realities of the dominant-submissive lifestyle and suggests ways in which both partners can experience the greatest possible growth and pleasure. At the heart of the book is an emotion Kacie has dubbed "Conquer Me" -- which she defines as "the submissive's internal demand for a show of strength." Without a clear understanding of "conquer me," both submissive and dominant may find themselves at odds -- either fighting unhappily, or watching the passion ebb from their relationship. This book explains this unique need and how to get it met -- essential knowledge for any submissive or couple who wants to get the most out of their D/s lifestyle.
