The California Journeyman Electrician's Preparation and Study Guide is designed as an aid to the 2002 National Electrical Code(r), your primary reference for the California State Certification Examination. Anyone doing electrical work within the State of California must be state licensed or certified. That means learning the rules and regulations that apply to electrical installations, and passing a state exam. As you study using this guide, you'll refer to the NEC(r) constantly. You'll become comfortable with the Code and be able to quickly locate important sections, articles and tables. You'll learn the language and terminology that'll help you understand the rules and requirements of this important standard, so you can pass the exam and put your knowledge to use as a working electrician. This book also offers helpful information on how to read and analyze exam questions so you can quickly determine where to find the answers in the Code. There are questions within each chapter that will help you focus on the areas most likely to be covered in the exam. At the end of the book, there's a 60-question practice exam with a separate answer sheet. Test yourself as many times as you need. This study guide and your NEC(r) will give you the educational background and the tools you need to successfully pass the State of California Certification Examination and receive your General Journeyman License.

Aligned to the latest AHIMA Core Competencies, The Complete RHIT and RHIA Prep: A Guide for Your Certification Exam and Your Career provides a comprehensive review of the RHIT and RHIA Exam Competency Standards through RHIT Review Online Interactive Modules, online test prep, and an accompanying text that will help students prepare for the RHIT exam.
