This greatly expanded third edition provides a comprehensive overview of clinical psychopharmacology, incorporating the major advances in the field since the previous edition's publication. Renowned experts from psychiatry, pharmacy, and nursing have integrated basic science, psychopharmacology, and clinical practice throughout the book in order to provide a thorough basis for prescribing. It covers all key psychiatric drugs and disorders and includes the latest data on efficacy,

safety and tolerability. Adopting a pragmatic approach to drug nomenclature, both Neuroscience-based Nomenclature (NbN) and older generic terminology are included in the text reflecting that clinicians are likely to use both systems. Many chapters refer to current National Institute of Health and Care Excellence (NICE) guidelines, making this a crucial resource. Edited by leading authorities in the field, Professor Peter M. Haddad and Professor David J. Nutt, *Seminars in Clinical Psychopharmacology* emphasises evidence-based prescribing with the aim of achieving better clinical outcomes for patients.

This exciting new text from The Dryden Press provides a strategic marketing and managerial perspective of electronic commerce. The research of the four highly-qualified authors provides the basis for the book, allowing for first-hand experience, varied viewpoints, and relevance.

The continuous search for efficiency gains and the goal of attaining a sustainable competitive advantage have steadily increased the volume of goods and services procured globally from third party vendors. In this context, named as “the next wave of globalization”, the offshoring phenomenon has stimulated research and political debates. With the rise of services offshoring, international value chain disaggregation for services has reached a formerly unknown scale.

Also, it is increasingly complex transactions, requiring a higher degree of qualification, which are becoming subject to offshoring as well. The *Offshoring Challenge: Strategic Design and Innovation for Tomorrow's Organization* features selected chapters by an international research community on the topic of offshoring. All potential business models from offshore outsourcing to third party providers are covered, from cooperative arrangements to internal organizational set-ups including captive offshore centers. Contributions have significant insights regarding: the increasing offshoring of knowledge-intensive services; the offshoring process; business models incorporating offshoring; the hidden costs of offshoring; and the administration of offshoring activities
