Data Communications And Networking By Behrouz A Forouzan Pdf

In 1973, the French CYCLADES network was the first to make the hosts responsible for the reliable delivery of data, rather than this being a centralized service of the network itself. [15] In 1973, Robert Metcalfe wrote a formal memo at Xerox PARC describing Ethernet , a networking system that was based on the Aloha network , developed in the 1960s by Norman Abramson and colleagues at the University of Hawaii .
