Hundreds of books have been written about the American Mafia, but none has told how it came into existence. This one does. Mafia books are notoriously unreliable, too often filled with the recycled errors of earlier authors. This one has been painstakingly researched from primary sources, including interviews with surviving family members and a vast, previously unexamined Secret Service archive. The result is an extraordinary work of history that grips, astonishes and chills the blood like a thriller. It tells the little-known story of the Morello family, pioneers of protection rackets, bizarre rituals and Mafia wars. Before the Five Families who dominated US organized crime for a bloody half-century, there was the surpassingly cunning Giuseppe Morello and his murderous coterie of brothers. Born into a life of poverty in rural Sicily, Morello became an American nightmare. Mike Dash follows the birth of the Mafia in America from the 1890s to the 1920s, from the wharves of New Orleans to the streets of Little Italy. He brings to life the remarkable villains and unusual heroes of the Mafia's early years, and does so without ever resorting to fiction or "imagined" history. The First Family is more than just a pulse-quickening Mafia narrative. This is how it really happened.

Finalist for the Dayton Literary Peace Prize "In all of the literature addressing education, race, poverty, and criminal justice, there has been nothing quite like Reading with Patrick."The Atlantic A memoir of the life-changing friendship between an idealistic young teacher and her gifted student, jailed for murder in the Mississippi Delta Recently graduated from Harvard University, Michelle Kuo arrived in the rural town of Helena, Arkansas, as a Teach for America volunteer, bursting with optimism and drive. But she soon encountered the jarring realities of life in one of the poorest counties in America, still disabled by the legacy of slavery and Jim Crow. In this stirring memoir, Kuo, the child of Taiwanese immigrants, shares the story of her complicated but rewarding mentorship of one student, Patrick Browning, and his remarkable literary and personal awakening. Convinced she can make a difference in the lives of her teenaged students, Michelle Kuo puts her heart into her work, using quiet reading time and guided writing to foster a sense of self in students left behind by a broken school system. Though Michelle loses some students to truancy and even gun violence, she is inspired by some such as Patrick. Fifteen and in the eighth grade, Patrick begins to thrive under Michelle's exacting attention. However, after two years of teaching, Michelle feels pressure from her parents and the draw of opportunities outside the Delta and leaves Arkansas to attend law school. Then, on the eve of her law-school graduation, Michelle learns that Patrick has been jailed for murder. Feeling that she left the Delta prematurely and determined to fix her mistake, Michelle returns to Helena and resumes Patrick's education—even as he sits in a jail cell awaiting trial. Every day for the next seven months they pore over classic novels, poems, and works of history. Little by little, Patrick grows into a confident, expressive writer and a dedicated reader galvanized by the works of Frederick Douglass, James Baldwin, Walt Whitman, W. S. Merwin, and others. In her time reading with Patrick, Michelle is herself transformed, contending with the legacy of racism and the questions of what constitutes a "good" life and what the privileged owe to those with bleaker prospects. "A powerful meditation on how one person can affect the life of another. . . One of the great strengths of Reading with Patrick is its portrayal of the risk inherent to teaching."The Seattle Times "[A] tender memoir."O: The Oprah Magazine
