GAO discussed S. 1724, the Freedom From Government Competition Act, which would require that the government procure from the private sector the goods and services it needs to carry out its functions.

This book is about how to deal with any law enforcement, lawyers, judges, clerks, bailiffs, and ANY other type of individual that you interact with that is trying to cause you harm. Without knowing how to file or fill out paperwork, without knowing or even having to care about court procedure laws or statutes or policy and it doesn't matter WHERE you are in the WORLD! This is finally YOUR silver bullet that THEY said didn't exist.

Exert your birthright to obtain freedom from corrupt government agencies and their jurisdiction. "Freedom from Government; How to Reclaim Your Power" is your handbook for dealing with government on your terms. Learn how to win any court case, what to say to law enforcement, the problem with attorneys (and why you NEVER want to hire one), why statute and legislation only apply to you if you allow it, the difference between a "right" and a "privilege", what it means to be truly free and responsible for yourself and your estate, the history of our legal system (and why it is so messed up), how to get remedy for inherent rights violations, and everything else you will need to make them LEAVE YOU ALONE FOREVER!

This book is a quick read. I did that on purpose. It is to get you caught up to speed as absolutely quick as possible. We don't have any time to mess around; we have to start taking back what is ours, today. This book is about how to deal with any law enforcement, lawyers, judges, clerks, bailiffs, and ANY other type of individual that you interact with that is trying to cause you harm. Without knowing how to file or fill out paperwork, without knowing or even having to care about court procedure laws or statutes or policy and it doesn't matter WHERE you are in the WORLD! This is finally YOUR silver bullet that THEY said didn't exist. I wish I could have had this information 30 years ago. My entire life would have been different. Once you understand the concepts in this book, and your words, demeanor, and actions come from the heart, you will be surrounded with an impenetrable shield of love so strong that nothing can break through.

The Canadian Civil Liberties Association celebrates its fiftieth anniversary with this overview of its activities--sometimes quiet and sometimes strident--as a watchdog and safeguard for Canadians and their rights as citizens. Through a series of discussions and interviews, a picture of Canada over the last half-century evolves.

In this fresh interpretation of Tocqueville's thought, Joshua Mitchell explores the dynamic interplay between religion and politics in American democracy. Focusing on Democracy in America, The Fragility of Freedom examines Tocqueville's key works and argues that his analysis of democracy is ultimately rooted in an Augustinian view of human psychology. As much a work of political philosophy as of religion, The Fragility of Freedom argues for the importance of a political theology that recognizes moderation. "An intelligent and sharply drawn portrait of a conservative Toqueville."—Anne C. Rose, Journal of American History "I recommend this book as one of a very few to approach seriously the sources of Tocqueville's intellectual and moral greatness."—Peter Augustine Lawler, Journal of Politics "Mitchell ably places Democracy in America in the long conversation of Western political and theological thought."—Wilfred M. McClay, First Things "Learned and thought-provoking."—Peter Berkowitz, New Republic

In Plain Sight - The Disregarded Truth identifies and explains how we, the American people, can restart what was once a free America. This is done by revealing the Secrets, which have been hidden in plain sight and are being withheld from the American people, and detailing the simplest of violations that have been occurring against our rights, liberties, and freedom. In order to bring back the original intent and purpose of what is to be our country and government, we must first restore our personal liberties and freedom. Only then will we be able to return the government back to its proper role. Besides, how can we expect to resolve the unlawful actions taken by the governments of our country if we do not restore our personal liberties and freedom first? As we all know, the American people are all too familiar with government officials lying to them and the false promises that they have made and continue to make. Still, are you aware of the lies that have been specifically created and circulated, by the government, in order to undermine your rights, liberties, and freedom? Intentional or unintentional, the government has created these lies and is operating on these falsehoods. The majority of these lies have been revealed within this book, along with the unforeseen consequences. The sad part about all the lies is that they have been passed down throughout the last two generations, without any objection as to their legal correctness. Have you ever wanted to know why there are so many discrepancies concerning the American way of life, at least from the original intent? In Plain Sight - The Disregarded Truth will reveal the truth about certain aspects that have somehow been overlooked. This book will also supply solutions in correcting the injustices that are currently taking place in America today. With the experience of the author, as a former Marine, Law Enforcement Officer, and legal researcher, the inconsistencies and contradictions will be addressed. As a person who loves his country and the principles that created the United States of America, the author will walk you through the idea and concepts that were designed and implemented to keep the American people free, which are now being trampled upon by government. After completing this book, you will understand the tactics and the deceptions that have been purposely implemented upon the American people in order to rob them of their wealth, liberty, and freedom. A warning to those that may be in denial, most of the topics contained within this book are, to some, forbidden in nature and should never be discussed for fear of punishment, by their own government. Are we to believe that this argument is sufficient and that it is okay to live in fear of your own government? Is it the fear, just like in Germany with Hitler's Gestapo, that if the United States government were to find out that we are talking about such issues that we are to be punished for voicing our concerns. To believe such a thing is completely absurd, especially here in America! Are we Americans or are we slaves? Either way, we need to wake up and start acting like free Americans before it's too late. The information contained in this book will not only assist you in seeing the truth, it will awaken your critical thinking capabilities. Thus, the American foundation will once again re-surface. Therefore, we will either stand together as a united country and prevail or we will all fall due to our division. In Plain Sight - The Disregarded Truth will supply you with all the information and tools that you'll need so that you and your family can make that decision. The time to act is now...
