The first major book to examine ancient Christian literature on hell through the lenses of gender and disability studies Throughout the Christian tradition, descriptions of hell's fiery torments have shaped contemporary notions of the afterlife, divine justice, and physical suffering. But rarely do we consider the roots of such conceptions, which originate in a group of understudied ancient texts: the early Christian apocalypses. In this pioneering study, Meghan Henning illuminates how the bodies that populate hell in early Christian literature—largely those of women, enslaved persons, and individuals with disabilities—are punished after death in spaces that mirror real carceral spaces, effectually criminalizing those bodies on earth. Contextualizing the apocalypses alongside ancient medical texts, inscriptions, philosophy, and patristic writings, this book demonstrates the ways that Christian depictions of hell intensified and preserved ancient notions of gender and bodily normativity that continue to inform Christian identity.

An engaging collection that uncovers injustices in history and overturns misconceptions about the role of women in war. When you think of war, you think of men, right? Not so fast. In *Hell Hath No Fury*, Rosalind Miles and Robin Cross prove that although many of their stories have been erased or forgotten, women have played an integral role in wars throughout history. In witty and compelling biographical essays categorized and alphabetized for easy reference, Miles and Cross introduce us to war leaders (Cleopatra, Elizabeth I, Margaret Thatcher); combatants (Molly Pitcher, Lily Litvak, Tammy Duckworth); spies (Belle Boyd, Virginia Hall, Noor Inayat Khan); reporters and propagandists (Martha Gellhorn, Tokyo Rose, Anna Politkovskaya); and more. These are women who have taken action and who challenge our perceived notions of womanhood. Some will be familiar to readers, but most will not, though their deeds during wartime were every bit as important as their male contemporaries' more heralded contributions.

GATEWAY TO HELL'S FURY The Union of Arcana has expanded through the portals linking parallel universes for over a century and a half. In that time, its soldiers and sorcerers have laid claim to one uninhabited planet after another—all of them Earth, and in the process, the Union has become the most powerful, most wealthy civilization in all of human history. But now the Union's scouts have discovered a new portal, and on its far side lies another human society, Sharona, which has also been exploring the Multiverse, and the first contact between them did not go well. Arcana is horrified by the alien weapons of its sudden opponents, weapons its sorcerers cannot explain, weapons based upon something called . . . science. But Sharona is equally horrified by Arcana's "magical" weapons. Neither side expected the confrontation and each thinks the other fired first. But as the initial disastrous contact snowballs into all-out warfare, both sides can agree on one thing. The portal which brought them together is Hell's Gate itself! At the publisher's request, this title is sold without DRM (Digital Rights Management). "Magic and high tech collide in this exciting military SF novel from bestseller Weber and Evans, the first of a new series. . . . The authors treat both societies sympathetically and realistically, with human vices and virtues evenly distributed." Publishers Weekly
