This authoritative reference is packed with everything you need to get started, so why not get in on the game while the going is good? Gets you up to speed on the lingo of international business Shows you how to follow guidelines for developing a successful business and marketing plan Helps you understand distributor and agent agreement outlines Offers unprecedented insight on pinpointing the right markets for your import/export business Importing and exporting goods is a valuable way to expand your business and take part in the global economy, and this hands-on, friendly guide shows you how.

A thoroughly updated new edition of the premier guide to international trade now features a special section on the e-commerce revolution. Dr. Carl Nelson's acclaimed resource for beginners venturing into the import/export business is more timely and action-oriented than ever in this fully revised Third Edition. Showcasing an indispensable new chapter on the ins and outs of e-commerce and how to take advantage of all of cyberspace's exciting possibilities, *Import/Export* also features a range of new material and guidance. Nelson's practical, easy-to-follow approach covers all the basics, including choosing a product, making contacts, and cutting through government red tape. Carl E. Nelson (Chula Vista, CA) is the author of *Global Success: International Business Tactics for the 1990s* and *Managing Globally: A Complete Guide to Competing Worldwide*.

The import and export business is not just for goliath corporations. An individual armed with the right information can get in on this enormous industry. It is big business these days - to the tune of an annual \$1.2 trillion in goods, according to the U.S. Department of Commerce. Billions of dollars in merchandise and goods are being exchanged each day in the global marketplace. These products are bought, sold, represented, and distributed somewhere in the world on a daily basis. While basically any country can offer opportunities for import export trade, Canada, Mexico, Japan, and China have topped the trading chart for the past two decades. In the last few years, countries in the former Soviet Union and South America have become major players. Compared to other businesses, however, import export companies have a very low startup cost. You do not need any special license or degree; what you need to succeed is the expert advice presented in this new, comprehensive manual. This is a business you run from home, and travel is mostly optional. This guide provides readers with an understanding of the basic concepts of international trade and will help you navigate the maze of international trade policies and regulations. This new book is a comprehensive and detailed study of the business side of the import export business. You will learn everything from the initial startup decisions to working with U.S. and foreign companies. If you are investigating opportunities in this type of business, you should begin by reading this book. While providing detailed instruction and examples, the author leads you through every detail that will bring success. You will learn how to draw up a winning business plan and about basic cost control systems, commercial terms, documentation, trade agreements, trade shows, cultural issues, customs and market research, the latest information on government regulations, tax laws, customs requirements, shipping procedures, how to represent

## Access Free Import Export How To Take Your Business Across Borders

U.S.-based companies, copyright and trademark issues, product pricing, distribution systems, custom brokers, international documentation, branding, foreign-trade leads, management, legal concerns, sales and marketing techniques, and pricing formulas. You will learn how to set up computer systems to save time and money, how to meet IRS requirements, how to manage and train employees, how to generate high profile public relations and publicity, and how to implement low cost internal marketing ideas. You will learn how to build your business by using low and no cost ways to satisfy customers, as well as ways to increase sales and have customers refer others to you. Successful import export experts will appreciate this valuable resource and reference it in their daily activities as a source of ready-to-use forms, Web sites, operating and cost cutting ideas, and mathematical formulas that can easily be applied to their operations. The companion CD-ROM is included with the print version of this book; however is not available for download with the electronic version. It may be obtained separately by contacting Atlantic Publishing Group at sales@atlantic-pub.com Atlantic Publishing is a small, independent publishing company based in Ocala, Florida. Atlantic Publishing prides itself on producing award winning, high-quality manuals that give readers up-to-date, pertinent information, real-world examples, and case studies with expert advice. Every book has resources, contact information, and web sites of the products or companies discussed.

This edition of *Importing Into the United States* contains material pursuant to the Trade Act of 2002 and the Customs Modernization Act, commonly referred to as the Mod Act. *Importing Into the United States* provides wide-ranging information about the importing process and import requirements. We have made every effort to include essential requirements, but it is not possible for a book this size to cover all import laws and regulations. Also, this publication does not supersede or modify any provision of those laws and regulations. Legislative and administrative changes are always under consideration and can occur at any time. Quota limitations on commodities are also subject to change. Therefore, reliance solely on the information in this book may not meet the "reasonable care" standard required of importers.

Provides an overview of import and export regulations, including sample documents and contracts, training materials to use with employees, legal requirements, and more.

This bestselling, up-to-date guide shows you how to start your own import/export business, from researching a raw idea to a successful launch to ongoing, profitable business operations. Complete with real-life examples from importers and exporters, it helps you every step of the way, from targeting a market and preparing a business plan to dealing with foreign currencies, shipping procedures, customs requirements, and more. It also shares tips to help you take advantage of NAFTA and other trade pacts, plus online resources to help you start and grow your business.

Fully revised and updated-the go-to guide from an expert on international trade Doing business across national borders is more profitable than ever. In the exhaustively revised fourth edition, *Import/Export* provides step-by-step guidance to show you how to take part in the booming world economy.

Here is practical advice for anyone who wants to build their business by selling overseas. The *International Trade Administration* covers key topics such as marketing, legal issues, customs, and more.
