The best selling book for holistic therapists by Francesca Gould has now been updated and revised with a new full color design. It makes learning fun through enjoyable activities such as crossword puzzles. It is a basic level text describing anatomy and physiology in the simplest terms for those wanting to learn the basics in a holistic or beauty therapy context.

The third edition of this popular introduction to human anatomy and physiology has been revised, enlarged and redesigned to make it even more accessible. By using glossaries, tables, clear illustrations and well structured text, the book describes and explains the eight body systems, histology, and the accessory organs. William Arnould-Taylor MSc PhD (Physiology) has a distinguished record in the field of physiology. His contributions to promotion of education have been considerable, as an international examiner, author and broadcaster. This book will prove invaluable for anyone requiring an understanding of the structure and function of the human body. It will be particularly useful for students of courses related to sport, physical therapy or beauty therapy.

The spa industry is currently the fastest growing segment of the hospitality and leisure industry with revenues exceeding those from amusement parks, box office receipts, vacation ownership gross sales and ski resort ticket sales. Understanding the Global Spa Industry is the first book to examine management practices in this industry and offers a groundbreaking and comprehensive approach to global spa management, covering everything from the beginnings of the industry through to contemporary management and social and ethical issues. With contributions from internationally renowned business leaders, practitioners and academics, this unique book is packed with case studies, examples and advice for all those working in, and studying, the international spa industry. Understanding the Global Spa Industry brings an analytic lens to the spa movement, examining past, current and future trends and the potential for shaping wellness and health services in the 21st century.

British Vocational Qualifications is an indispensable reference for careers advisors, human resource managers, employers, teachers and students, featuring up-to-date information on over 3,500 vocational qualifications available in the United Kingdom. These include Vocational Qualifications (VQs), National Vocational Qualifications (NVQs), Scottish Vocational Qualifications (SVQs), Related Vocational Qualifications (RVQs) and apprenticeships. The directory also covers the latest developments within the fast-changing field of vocational qualifications, and details of awarding, examining and validating bodies. British Vocational Qualifications is a simple guide for anyone who needs to understand vocational education, whether researching what is available, verifying a qualification for legal purposes, or reviewing where best to study for them.

This textbook contains the latest advances and scientific knowledge from the leading experts in hair biology, hair disorders, and clinical trichology. The book consists of ten sections in which hair biology, hair genetics, hair diagnostics, hair loss types, pathogenesis, treatment options, and restoration techniques are discussed. This book also emphasizes on various genetic and nongenetic alopecia types, differential diagnosis, and the measurement of hair loss. One chapter of the book is devoted to natural products for hair care and treatment. We believe that this textbook will serve as a comprehensive guide to many physicians dealing with hair disorders in their clinical practice.

These Proceedings represent the work of contributors to the 14th European Conference on e-Learning, ECEL 2015, hosted this year by the University of Hertfordshire, Hatfield, UK on 29-30 October 2015. The Conference and Programme Co-Chairs are Professor Amanda Jefferies and Dr Marija Cubric, both from the University of Hertfordshire. The conference will be opened with a keynote address by Professor Patrick McAndrew, Director, Institute of Educational Technology, Open University, UK with a talk on "Innovating for Learning: designing for the future of education." On the second day the keynote will be delivered by Professor John Traxler, University of Wolverhampton, UK on the subject of "Mobile Learning - No Longer Just e-Learning with Mobiles." ECEL provides a valuable platform for individuals to present their research findings, display their work in progress and discuss conceptual advances in many different branches of e-Learning. At the same time, it provides an important opportunity for members of the EL community to come together with peers, share knowledge and exchange ideas. With an initial submission of 169 abstracts, after the double blind, peer review process there are 86 academic papers, 16 PhD Papers, 5 Work in Progress papers and 1 non academic papers in these Conference Proceedings. These papers reflect the truly global nature of research in the area with contributions from Algeria, Australia, Austria, Belgium, Botswana, Canada, Chile, CoV-entry, Czech Republic, Denmark, Egypt, England, Estonia, France, Germany, Ireland, Japan, Kazakhstan, New Zealand, Nigeria, Norway, Oman, Portugal, Republic of Kazakhstan, Romania, Saudi Arabia, Scotland, Singapore, South Africa, Sweden, the Czech Republic, Turkey, Uganda, UK, United Arab Emirates, UK and USA, Zimbabwe. A selection of papers - those agreed by a panel of reviewers and the editor will be published in a special conference edition of the EJEL (Electronic Journal of e-Learning www.ejel.org).

This series of 335 beautifully illustrated flash cards explores essential concepts of human anatomy & physiology. The 47 x 67 cards are color coded and indexed for easy reference. The flash cards are printed on heavy card stock and are UV coated for durability.

Come and peek inside my Pole Essentials...! Whether you are brand new to the world of pole dancing or already a seasoned pole athlete, I have devised Pole Essentials to be just that - an 'essential' addition to your pole training and dancing. I just adore pole dancing as it celebrates everything about being a woman - our curves, our sensuality, our femininity, our determination and our persistence. You are now holding in your hands the perfect reference to make your learning experience effortless. Not only do you have over 70 moves all beautifully photographed, but I have included all my amazing pole tricks, tips, and body principles, which are vital to your great pole practice. Use it as a reference manual, a pole journal or just as an inspiring reminder that you can achieve anything you desire. Enjoy and have fun!
