was just beginning to be implemented. We once thought that children learned to speak and listen during their early years and later learned to read and write at 6 and 7 years of age.

Literacy

Development in the

Early Years

Read Free

Literacy

Language and literacy develop together as a baby grows from an infant, to a toddler, to a school-aged child and older.

This development happens in an expected order, through social interactions, most often with parents.

The key to

Read Free
