The standard “recommendation” for carbs is 300g a day. This lifestyle left my sluggish, tired and with high anxiety. Generally a low carb diet means eating 100g to 150g per day. I tend to stay below 100g on most days, sometimes carb cycling up to 150g on some days (maybe twice a week) to switch it up so I don't get bored and my body doesn't get used to it.
