One of the world's leading authorities on autism suggests a major shift in understanding autism and offers inspiring stories and practical advice drawn from his more than four-decade career.

Stagliano reveals how one woman raises three daughters with autism, loses one at Disney World, stays married, has sex, bakes gluten-free, goes broke, and keeps her sense of humor.

She looked into my eyes and blinked hers slowly and deliberately, like a stroke victim, to show me that although she couldn't speak, she understood what I was saying to her. I stroked her hair softly. 'I know you're in there, honey,' I told her. 'We'll get you out.'" Despite the horror of seeing fifteen-month-old Elizabeth slip away into autism, her mother knew that her bright little girl was still in there. When Elizabeth eventually learned to communicate, first by using a letterboard and later by typing, the poetry she wrote became proof of a glorious, life-affirming victory for this young girl and her family. I Am in Here is the spiritual journey of a mother and daughter who refuse to give up hope, who celebrate their victories, and who keep trying to move forward despite the obstacles. Although she cannot speak, Elizabeth writes poetry that shines a light on the inner world of autism and the world around us. That poetry and her mother's stirring storytelling combine in this inspirational book to proclaim that there is always a reason to take the next step forward--with hope.
