Routledge English Language Introductions cover core areas of language study and are one-stop resources for students. Assuming no prior knowledge, books in the series offer an accessible overview of the subject, with activities, study questions, sample analyses, commentaries and key readings – all in the same volume. The innovative and flexible ‘two-dimensional’ structure is built around four sections – introduction, development, exploration and extension – which offer self-contained stages for study. Each topic can also be read across these sections, enabling the reader to build gradually on the knowledge gained. *Introducing English Language*: is the foundational book in the Routledge English Language Introductions series, providing an accessible introduction to the English language contains newly expanded coverage of morphology, updated and revised exercises, and an extended Further Reading section comprehensively covers key disciplines of linguistics such as historical linguistics, sociolinguistics and psycholinguistics, as well as core areas in language study including acquisition, standardisation and the globalisation of English uses a wide variety of real texts and images from around the world, including a Monty Python sketch, excerpts from novels such as Virginia Woolf’s *To the Lighthouse*, and news items from *Metro* and the BBC

provides updated classic readings by the key names in the discipline, including Guy Cook, Andy Kirkpatrick and Zoltán Dörnyei is accompanied by a website with extra activities, project ideas for each unit, suggestions for further reading, links to essential English language resources, and course templates for lecturers. Written by two experienced teachers and authors, this accessible textbook is an essential resource for all students of the English language and linguistics.

This textbook provides a comprehensive account of the most important new Civil Procedure Rules, Practice Directions and Pre-action Protocols, which make up our newly reformed civil procedure system. The substance of the rules are considered in detail and their effect explained to make it clear how they operate in practice. Case law is examined to demonstrate how the court applies the rules in practice. The Woolf Reforms are used to explain the rationale of the new system.; The book provides not only a clear guide to the meaning of the new rules but also a vital insight into the new culture, typified by case management, proportionality and the overriding objective, which has fundamentally reformed the principles on which our civil procedure system is based. A critique is given of the merits of the reforms and the likelihood that they will achieve their objectives.

The only textbook that completely covers Oxford AQA International AS & A Level English Language (9670), for first teaching in September 2017. Written by experienced examiners and linguistic experts, the clear, international approach develops students' critical and creative skills while building linguistic knowledge. It supports exam success and builds crucial skills for university study and future employment. Build exam confidence with full support and guidance on all the assessment styles used in the specification. At AS Level develop the advanced language and writing skills required to critically evaluate sources, develop and sustain arguments and adapt writing for different audiences and purposes. At A Level strengthen students' linguistic knowledge preparing them for university study. Motivate and challenge students with evocative topics such as how English varies around the world and how and why language changes..

In 1962 the poet, musician, and performer Maya Angelou claimed another piece of her identity by moving to Ghana, joining a community of "Revolutionist Returnees" inspired by the promise of pan-Africanism. All God's Children Need Walking Shoes is her lyrical and acutely perceptive exploration of what it means to be an African American on the mother continent, where color no longer

matters but where American-ness keeps asserting itself in ways both puzzling and heartbreaking. As it builds on the personal narrative of *I Know Why the Caged Bird Sings* and *Gather Together in My Name*, this book confirms Maya Angelou's stature as one of the most gifted autobiographers of our time.

"The law of persons is a dynamic area of the law, and it is this dynamic nature that generates interest in this subject and makes it stimulating to teach and learn. Law of Persons seeks to make this subject area accessible to students, including first-year students. In the law of persons, the common law and legislation have been harmonised with the spirit, purport and objects of the Bill of Rights, while the values entrenched in the Constitution are permeating every area of the law. The greatest change in our law of persons to date has been the Children's Act 38 of 2005: it had redefined basic concepts, it has revolutionised the parent-child relationship, it has ended the labelling of children in terms of their parents' marital status and it has radically altered the legal status of unmarried fathers. Law of Persons is also available in Afrikaans, and should ideally be used in conjunction with *Personeregbronnebundel / Law of Persons Sourcebook*"--Provided by publisher.

In this haunting tale of love and learning, the existential chaos of a life ravaged by circumstance takes on a rhythm of its own, one bound by loss and loneliness, but also an intelligent awareness of self. Sometimes melancholy, sometimes brutal, occasionally funny and infuriating, a journalist-comrade-lover caught up in the shade and shadow of politics and social injustice faces treachery and betrayal on every level. Set against the backdrop of a cityscape that taunts and tantalises, this is where love fails and passion wanes, "where suffering has no meaning", where an individual escapes death only to find himself confronted with choices wrought by remorse and retribution, by conscience and character. And yet, with all trauma, there is a distinct musicality to the lyrical unpacking that follows a string of small things ...

How to Analyse Texts is the essential introductory textbook and toolkit for language analysis. This book shows the reader how to undertake detailed, language-focussed, contextually sensitive analyses of a wide range of texts - spoken, written and multimodal. The book constitutes a flexible resource which can be used in different ways across a range of courses and at different
