KATE MIDDLETON has a vast jewellery collection, with pieces worth thousands. Many of the Duchess' pieces also have a special meaning, including a piece that belonged to Princess Diana.

Ellie Whitney grew up in New York City, was educated at Harvard and Washington universities, and has lived in Tallahassee since 1970. She has taught at Florida State and Florida A & M universities Bruce Means grew up in Alaska, has a Ph. D. in biology from the Florida State University, and is president of the Coastal Plains Institute and Land Conservancy Anne Rudloe has a Ph. D. in biology from Florida State University. She and her husband Jack Rudloe live in Panacea, Florida, where they run the Gulf Specimen Marine Laboratory.

Taken from the earlier book Priceless Florida (and modified for a stand-alone book), this volume discusses the fresh- and saltwater systems of Florida, including lakes and ponds; rivers and streams; springs; aquatic caves; estuarine waters and seafloors; submarine meadows, sponge, rock, and reef communities; and the Gulf and Atlantic Ocean.

Taken from the earlier book Priceless Florida (and modified for a stand-alone book), this volume discusses Florida's wetlands, including interior wetlands, seepage wetlands, marshes, flowing-water swamps, beaches and marine marshes, and mangrove swamps.

Taken from the earlier book Priceless Florida (and modified for a stand-alone book), this volume discusses the well-drained areas of Florida, including high pine grasslands, flatwoods and prairies, interior scrub, hardwood hammocks, rocklands and caves, and beach dunes.

Provides resources and ideas for using the student edition of Patrick D. Smith's "A Land Remembered" to teach Florida history and culture.

Acclaimed crime writer Elizabeth Hand returns to her "fiercely frightening yet hauntingly beautiful" cult-favorite series: Photographer Cass Neary is hard-up for cash and in more danger than she realizes on the hunt for an ancient, legendary book (Tess Gerritsen). Photographer Cass Neary is desperate to get home, and she's already lost her camera -- like losing a limb. Now her only chance is to cash in on a deal that a friend is about to cut for a legendary illuminated manuscript: The Book of Lamps and Banners. Rumored to have been rescued from the Library at Alexandria, the Book is said to contain ancient esoteric knowledge, even an otherworldly power. So when an intruder brazenly steals the manuscript, Cass and her ex-con lover Quinn must get it back-plunging headlong into a shady underworld where antiquarian booksellers, unhinged tech entrepreneurs, and brutal nationalists all converge. This breathless psychological thriller, featuring one of the greatest amateur sleuths of the past decade, could only come from the mind of Elizabeth Hand. "Kaleidoscopic, dark, and mysterious . . . This novel is a jaw-punch, written with a snarling grace." -- Paul Tremblay, author of The Cabin at the End of the World " I love Cass Neary . . . Her latest misadventure is vivid and haunting, braiding the ancient and occult with the unholy frights of the modern world. " Steph Cha, author of Your House Will Pay "Elizabeth Hand has delivered a startling book that is dirty, wise, aching, and almost magical." Ivy Pochoda, author of These Women

Despite its historical significance and its state-mandated comprehensive planning approach, the Florida growth management experiment has received only piecemeal attention from researchers. Drawing together contributions from national experts on land use planning and growth management, this volume assesses the outcomes of Florida's approach for managing growth. As Florida's approach is the most detailed system for managing growth in the United States, this book will be of great value to planners. The strengths and weaknesses of the state's approach are identified, providing insights into how to manage land use change in a state continuously inundated by growth. In evaluating the successes and failures of the Florida approach, planners and policy makers will gain insights into how to successfully implement growth management policies at both the state and local level.

Discover the story of the land of Myakka. This book takes you into shady hammocks of twisted oaks and up into aerial gardens, down the wild and scenic river, and across a variegated canvas of prairies, piney woods, and wetlands all located in Myakka River State Park, the largest state park in Florida. Each adventure tells the story of a unique facet of this wilderness area and takes you into secret places it would take years to discover on your own. Whether you're visiting the park for the first time or have frequented the area since childhood, the adventures described here are sure to awaken your primitive instincts to explore the unknown. If you return to the same places at different times of the year, you'll find enough adventures to last a lifetime. You'll never be one of those people who asks, "Whats there to do in the park today?"

This book surveys the geography, history, people, and customs of the state of Florida.

Do you know: How many acres of Florida's remaining natural areas have become infested with non-native plant species? Where is Estero Bay? What is the penalty for violating federal manatee protection laws? What river disappears underground in O'Leno State Park and re-emerges above ground in River Rise State Park? Learn this and more in this fun-filled guide to the little-known facts of Florida.
