It reproduces relevant parts of Rules and Guidance for Pharmaceutical Manufacturers and Distributors (commonly known as the Orange Guide) specific to wholesale supply and distribution of medicines for human use. It is compiled by the UK drug regulatory body, MHRA, and contains official EU guidance on good distribution practice and wholesale distribution along with relevant information on EU and UK legislation.

Known as the "Orange guide". Also available: printed version (ISBN 9780853697190); a single user CD-ROM version (ISBN 9780853697206). Supersedes any previous editions

A single source of guidance to, and legislation for, the distribution of medicines in Europe and UK.

This publication, known as the "Orange Guide", has been an essential reference for those involved in the manufacture or distribution of medicines in Europe. The Orange Guide collates in one convenient and authoritative source European and UK guidance documents and information on legislation relating to the manufacture and distribution of medicines for human use. In the production and distribution of medicines for human use, compliance with Good Manufacturing Practice and Good Distribution Practice is a necessity. Changes to this particular edition include: detailed changes to the EU guide to good manufacturing practice; detailed revisions to the EU Directive on medicinal products for human use; the new Directive on the Principles and Guidelines on Good Manufacturing Practice of Medicinal Products for Human Use. The document is compiled by the Inspection and Standards Division of the Medicines and Healthcare products Regulatory Agency.

Commonly known as the "Orange Guide," this publication brings together the main pharmaceutical regulations and directives which manufacturers and wholesalers are expected to follow when making and distributing medicinal products in the European Union and European Economic Area.

This title is an essential reference work for all those involved in the distribution of medicines in Europe. It reproduces relevant parts of Rules and Guidance for Pharmaceutical Manufacturers and Distributors (commonly known as the Orange Guide) specific to wholesale supply and distribution of medicines for human use. It is compiled by the UK drug regulatory body, the MHRA, and contains official EU guidance on good distribution practice and wholesale distribution along with relevant information on EU and UK legislation. It brings together the main pharmaceutical regulations, directives and guidance which manufacturers and wholesalers are expected to follow when distributing medicinal products within Europe. This 2015 edition of Rules and Guidance for Pharmaceutical Distributors (the Green Guide) has been updated to incorporate the revised EU Guidelines on Good Distribution Practice.

This is the ninth edition of Rules and Guidance for Pharmaceutical Manufacturers and Distributors, compiled by MHRA. Commonly known as the Orange Guide, it remains an essential reference for all manufacturers and distributors of medicines in Europe. It provides a single authoritative source of European and UK guidance, information and legislation relating to the manufacture and distribution of human medicines. The new 2015 edition incorporates all the significant updates and additions to the detailed European Community guidelines on GMP since the last edition, including the revised EU Guidelines on Good Distribution Practice. In addition, it contains new sections on: The Gold Standard for Responsible Persons MHRA Innovation Office The Application and Inspection process for new licences - "what to expect" MHRA Compliance Management and Inspection Action Group MHRA Risk-based inspection programme Naming Contract Quality Control (QC) laboratories GDP Quality Systems A new flow chart on registration requirements for UK companies involved in the sourcing and supply of active substances (ASs), to be used in the manufacture of licensed human medicines Building on the restructured contents and fresh redesign of the last edition, you'll find all the answers you need to stay informed.

This new edition of The Green Guide provides a single source of guidance to, and legislation for, the distribution of medicines in Europe and UK. The Green Guide takes all the elements of the new Rules and Guidance for Pharmaceutical Manufacturers and Distributors 2014 (the Orange Guide) that are relevant to distributors, and reproduces them. Since the last edition in 2007, there have been significant changes and additions to the detailed European Community guidelines on Good Distribution Practice (GDP). The Community code relating to medicinal products for human use has also been substantially amended and the new edition brings together information about these important changes

Compiled by the Medicines and Healthcare products Regulatory Agency (MHRA), this new publication provides guidance for distributors of medicines for human use in Europe. Essential information to ensure the safe distribution of medicines and the safety of the public is provided in this new guide.

Since its first publication in 1971 this text, commonly known as the 'Orange Guide', has been an essential reference for all involved in the manufacture or distribution of medicines in Europe. Although much of the text is available elsewhere, the Orange Guide collates in one convenient and authoritative source European and UK guidance documents and information on legislation relating to the manufacture and distribution of medicines for human use. Compliance with Good Manufacturing Practice and Good Distribution Practice requirements is essential in the production and distribution of medicines.
