A history of German women in the Holocaust reveals their roles as plunderers, witnesses, and actual executioners on the Eastern front, describing how nurses, teachers, secretaries, and wives responded to what they believed to be Nazi opportunities only to perform brutal duties.

"Compelling . . . Lower brings to the forefront an unexplored aspect of the Holocaust." —Washington Post In a surprising account that powerfully revises history, Wendy Lower uncovers the role of German women on the Nazi eastern front—not only as plunderers and direct witnesses, but as actual killers. Lower, drawing on twenty years of archival research and fieldwork, presents startling evidence that these women were more than "desk murderers" or comforters of murderous German men: they went on "shopping sprees" and romantic outings to the Jewish ghettos; they were present at killing-field picnics, not only providing refreshment but also shooting Jews. And Lower uncovers the stories of SS wives with children of their own whose brutality is as chilling as any in history. Hitler's Furies challenges our deepest beliefs: women can be as brutal as men, and the evidence can be hidden for seventy years. "Disquieting . . . Earlier books about the Holocaust have offered up poster girls of brutality and atrocity . . . [Lower's] insight is to track more mundane lives, and to argue for a vastly wider complicity." —New York Times "An unsettling but significant contribution to our understanding of how nationalism, and specifically conceptions of loyalty, are normalized, reinforced, and regulated." —Los Angeles Review of Books

A shocking and timely reminder of the role Nazi women played in the Holocaust, not only as plunderers and direct witnesses, but on the Eastern Front. History has it that the role of women in Nazi Germany was to be the perfect Hausfrau and a loyal cheerleader for the Führer. However, Lower's research reveals an altogether more sinister truth. Lower shows us the ordinary women who became perpetrators of genocide. Drawing on decades of research, she uncovers a truth that has been in the shadows - that women too were brutal killers and that, in ignoring women's culpability, we have ignored the reality of the Holocaust. 'Shocking' Sunday Times 'Compelling' Washington Post 'Pioneering' Literary Review

Nazi Wives is a fascinating look at the personal lives, psychological profiles, and marriages of the wives of officers in Hitler's inner circle. Goering, Goebbels, Himmler, Heydrich, Hess, Bormann—names synonymous with power and influence in the Third Reich. Perhaps less familiar are Carin, Emmy, Magda, Margaret, Lina, Ilse and Gerda... These are the women behind the infamous men—complex individuals with distinctive personalities who were captivated by Hitler and whose everyday lives were governed by Nazi ideology. Throughout the rise and fall of Nazism these women loved and lost, raised families and quarreled with their husbands and each other, all the while jostling for position with the Fuhrer himself. Until now, they have been treated as minor characters, their significance ignored, as if they were unaware of their husbands' murderous acts, despite the evidence that was all around them: the stolen art on their walls, the slave labor in their homes, and the produce grown in concentration camps on their tables. James Wyllie's Nazi Wives explores these women in detail for the first time, skillfully interweaving their stories through years of struggle, power, decline and destruction into the post-war twilight of denial and delusion.

A single photograph--an exceptionally rare "action shot" documenting the horrific murder of a Jewish family--drives a riveting forensic investigation by a gifted Holocaust scholar.

On 16 July 1941, Adolf Hitler convened top Nazi leaders at his headquarters in East Prussia to dictate how they would rule the newly occupied eastern territories. Ukraine, the "jewel" in the Nazi empire, would become a German colony administered by Heinrich Himmler's SS and police, Hermann Goring's economic plunderers, and a host of other satraps. Focusing on the Zhytomyr region and weaving together official German wartime records, diaries, memoirs, and personal interviews, Wendy Lower provides the most complete assessment available of German colonization and the Holocaust in Ukraine. Midlevel "managers," Lower demonstrates, played major roles in mass

murder, and locals willingly participated in violence and theft. Lower puts names and faces to local perpetrators, bystanders, beneficiaries, as well as resisters. She argues that Nazi actions in the region evolved from imperial arrogance and ambition; hatred of Jews, Slavs, and Communists; careerism and pragmatism; greed and fear. In her analysis of the murderous implementation of Nazi "race" and population policy in Zhytomyr, Lower shifts scholarly attention from Germany itself to the eastern outposts of the Reich, where the regime truly revealed its core beliefs, aims, and practices.

Introduction : the role of gender in the Holocaust / Lenore J. Weitzman and Dalia Ofer -- Gender and the Jewish family in modern Europe / Paula E. Hyman -- Keeping calm and weathering the storm : Jewish women's responses to daily life in Nazi Germany, 1933-1939 / Marion Kaplan -- The missing 52 percent : research on Jewish women in interwar Poland and its implications for Holocaust studies / Gershon Bacon -- Women in the Jewish labor bund in interwar Poland / Daniel Blatman -- Ordinary women in Nazi Germany : perpetrators, victims, followers, and bystanders / Gisela Bock -- The Grodno Ghetto and its underground : a personal narrative / Liza Chapnik -- The key game / Ida Fink -- 5050

Examination of the role of German women in borderlands activism in Germany's eastern regions before 1939 and their involvement in Nazi measures to Germanize occupied Poland during World War II. Harvey analyses the function of female activism within Nazi imperialism, its significance and the extent to which women embraced policies intended to segregate Germans from non-Germans and to persecute Poles and Jews. She also explores the ways in which Germans after 1945 remembered the Nazi East.

From extensive research, including a remarkable interview with the unrepentant chief of Hitler's Women's Bureau, this book traces the roles played by women – as followers, victims and resisters – in the rise of Nazism. Originally publishing in 1987, it is an important contribution to the understanding of women's status, culpability, resistance and victimisation at all levels of German society, and a record of astonishing ironies and paradoxical morality, of compromise and courage, of submission and survival.

“Oh my human brothers, let me tell you how it happened.” Dr. Max Aue, the man at the heart of Jonathan Littell's stunning and controversial novel *The Kindly Ones*, personifies the evils of the Second World War and the Holocaust. Highly educated and cultured, he was an ambitious SS officer, a Nazi and mass murderer who was in the upper echelons of the Third Reich. He tells us of his experience during the war. He was present at Auschwitz and Babi Yar, witnessed the battle of Stalingrad, and survived the fall of Berlin — receiving a medal from Hitler personally in the last days of Nazi Germany. Long after the war, he is living a comfortable bourgeois life in France, married with two children, managing a lace factory. And now, having evaded justice, he speaks out, giving a precise and accurate record of his life. The tone of his account is detached, lapidary, and for the most part unrepentant, whether he is describing his participation in mass murder on the Eastern Front, his bureaucratic investigations of labour productivity in the death camps, his casual murder of civilians as he tries to break through Russian lines towards the end of the war, or his fervid and convoluted relationship with his twin sister. Over its course, by entwining Aue's life with those of historical figures such as Eichmann and Speer, Himmler and indeed Hitler, *The Kindly Ones* comes to depict the entire architecture of Nazism — from its grandest intellectual pretensions to its most minute, most chilling managerial details and executions. *The Kindly Ones* presents — with unprecedented realism, meticulous research that is both fascinating and compelling, and brilliant literary accomplishment — the greatest horrors imaginable. “War and murder are a question, a question without an answer, for when you cry out in the night, no one answers,” Aue says. In the same way, this powerfully affecting, powerfully challenging book confronts the reader with the most profound questions about history, morality, and art without offering any easy resolution. Written originally in French, and published now in English for the first time, *The Kindly Ones* has already sold to date well over a million copies in Europe. In France it won two prestigious prizes, including the Goncourt, and has been compared to *War and Peace* and other great classics of literature.
