Online Library Sociology The Essentials 7th Edition

SOCIOLOGY: THE ESSENTIALS, Seventh Edition, uses the theme of debunking myths to look behind the facades of everyday life, challenge common assumptions, and help students develop critical thinking skills as well as better understand how society is constructed and sustained. This thorough yet streamlined text employs a reader-friendly presentation and manageable structure, while maintaining a strong focus on sociology concepts, methods, and research. Updated throughout with coverage of the latest findings, trends, and themes, the text provides exceptional coverage of diversity, including social factors such as age, religion, sexual orientation, and region of residence in addition to race, ethnicity, class, and gender. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Drawing on up-to-the-minute examples, cutting-edge research, and the most current data, Essentials of Sociology powerfully illustrates how a sociological imagination can make us more thoughtful members of our social world, better citizens, and more effective future workers. (NEW) "Employing Your Sociological Imagination" features highlight the practical value of sociology to a wide range of careers. Extensive pedagogy and innovative media help students not only succeed in the course, but also develop the skills necessary for life beyond college.

The textbook and readings that teach students how issues in our global society connect to their own lives.

Social life is in a constant process of change, and sociology can never

Online Library Sociology The Essentials 7th Edition

stand still. As a result, sociology today is a theoretically diverse enterprise, covering a huge range of subjects and drawing on a broad array of research methods. Central to this endeavour is the use of core concepts and ideas which allow sociologists to make sense of societies, though our understanding of these concepts necessarily evolves and changes. This clear and jargon-free book introduces a careful selection of essential concepts that have helped to shape sociology and others that continue to do so. Going beyond brief, dictionary-style definitions, Anthony Giddens and Philip W. Sutton provide an extended discussion of each concept which sets it in historical and theoretical context, explores its main meanings in use, introduces relevant criticisms, and points readers to its ongoing development in contemporary research and theorizing. Organized in ten thematic sections, the book offers a portrait of sociology through its essential concepts, ranging from capitalism, identity and deviance to globalization, the environment and intersectionality. It will be essential reading for all those new to sociology as well as anyone seeking a reliable route map for a rapidly changing world.

This best-selling comprehensive book conveys the relevance of sociology by presenting a timely collection of theories, research, and examples -- including its signature first-person accounts that open many chapters. These lived experiences are relevant to students and introduce themes that provide a framework for learning the chapter material. Kendall's vivid and inviting writing style, emphasis on applications, and eye for compelling current examples further highlight sociology's relevance to all students. Now in its eleventh edition, **SOCIOLOGY IN OUR TIMES** is acclaimed for being the first textbook to integrate race, class, and gender issues, and for its thorough presentation of sociological theory, including contemporary perspectives such as feminism and postmodernism. This edition focuses more on social/global change and on the contemporary world, presenting such current debates as bullying and social media abuse, digital-age methods to increase school attendance, food trucks and the

spread of culture, modern slavery, and weight bias. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Essentials of Sociology, adapted from George Ritzer 's Introduction to Sociology, provides the same rock-solid foundation from one of sociology's best-known thinkers in a shorter and more streamlined format. With new co-author Wendy Wiedenholt Murphy, the Third Edition continues to illuminate traditional sociological concepts and theories and focuses on some of the most compelling features of contemporary social life: globalization, consumer culture, the internet, and the " McDonaldization " of society. New to this Edition New " Trending " boxes focus on influential books by sociologists that have become part of the public conversation about important issues. Replacing " Public Sociology " boxes, this feature demonstrates the diversity of sociology's practitioners, methods, and subject matter, featuring such authors as o Michelle Alexander (The New Jim Crow) o Elizabeth Armstrong and Laura Hamilton (Paying for the Party) o Matthew Desmond (Evicted) o Arlie Hochschild (Strangers in Their Own Land) o Eric Klinenberg (Going Solo) o C.J. Pascoe (Dude, You're a Fag) o Lori Peek and Alice Fothergill (Children of Katrina) o Allison Pugh (The Tumbleweed Society) Updated examples in the text and "Digital Living" boxes keep pace with changes in digital technology and online practices, including Uber, Bitcoin, net neutrality, digital privacy, WikiLeaks, and cyberactivism. New or updated subjects apply sociological thinking to the latest issues including: the 2016 U.S. election Brexit the global growth of ISIS climate change further segmentation of wealthy Americans as the "super rich" transgender people in the U.S. armed forces charter schools the legalization of marijuana the Flint water crisis fourth-wave feminism
