Worked examples with step-by-step solutions guide students through the thought process for arriving at each solution, instilling in them the essential intuition.

An overview of the role of institutions and organisations in the development of corporate finance.

The banking industry affects the welfare of every other industry and the economy. Banks are the leaders of the financial-services industry as a whole, however, financial-service competitors are now challenging them more than ever before. Bank Management and Financial Services is designed to help students master established management principles and to confront the perplexing issues of risk, regulation, technology, and competition that bankers and other financial-service managers see as their greatest challenges for the future.
