Contemporary research in strategic management, with an emphasis on conceptual tools and skills created by scholars and practitioners in the field are evident throughout Strategic Management, 12e. Pearce and Robinson have retained high level of academic credibility and market-leading emphasis on strategic practice with this edition. This text continues to have strong support from longtime adopters and growing support in schools with a desire to provide straightforward treatment of strategic management with a practical, systematic approach. The 12th edition offers 30 cases with a mixture of small and large firms; start-ups and industry leaders; global and domestically focused companies; and service, retail, manufacturing, technology, and diversified activities. Pearce and Robinson continue to use a unique pedagogical model they created to provide logic and structure to its treatment of strategic management which in turn makes the material more easily organized by the instructor and learned by the student.

Contemporary research in strategic management, with an emphasis on conceptual tools and skills created by scholars and practitioners in the field are evident throughout Strategic Management, 14e. The fourteenth edition of Strategic Management continues to increase the emphasis on planning for domestic and global competition in a global economy that is integral to strategic decision in even the smallest business or organisation on Main Street - in any town worldwide every day. It is specially designed to accommodate the needs of strategy students worldwide in our fast-changing twenty-first century.

strategic decision-making. This revised edition is specially designed to accommodate the needs of strategic management students worldwide. The unique pedagogy reflects strategic analysis and innovation at different organizational levels. Real business situations from around the world, in both large and small entrepreneurial companies, are evident in the form of 25 globally engaged cases, 57 Global Strategy in Action (NEW), 35 Strategy in Action (NEW) modules. Salient Features: - Globalization as a central theme - Focus on business ethics and corporate social responsibility - Special sections covering regulations in India such as Consumer Protection Act, Environment Protection Act, etc. - Innovation and entrepreneurship frameworks to guide strategic decisions that accelerate

Organizational success crucially depends on having a superior strategy and effectively implementing it. Companies that outperform their rivals typically have a better grasp of what customers value, who their competitors are, and how they can create an enduring competitive advantage. Successful strategies reflect a solid grasp of relevant forces in the external and competitive environment, a clear strategic intent, and a deep understanding of a company's core competencies and assets. Generic strategies rarely propel a firm to a leadership position. Knowing where to go and ending carefully considered, creative ways of getting there are the hallmarks of successful strategy.

This book is designed to be a practical guide for executives, MBA and Executive MBA students, and serve as background reading in a wide variety of strategy courses. As the First Edition, this edition is brief, practical in focus, highly readable, and maintains a top-management perspective throughout.

An epic spanning more than half a century of Taiwan's history, this breathtaking historical novel traces the fortunes of the Pengs, a family of Hakka Chinese settlers, across three generations from the 1890s, just before Taiwan was ceded to Japan as a result of the Sino-Japanese war, through World War II. Li Qiao brilliantly re-creates the dramatic world of these pioneers -- and the colonization of Taiwan itself -- exploring their relationships with the aboriginal peoples of Taiwan and their struggle to establish their own ethnic and political identities. This carefully researched work of fiction draws upon Li's own experiences and family history, as well as oral and written histories of the era. Originally published in Chinese as a trilogy, this newly translated edition is an abridgement for English-speaking readers and marks the work's first appearance in the English-speaking world. It was well-received in Taiwan as an honest -- and influential -- recreation of Taiwan's history before the relocation of the Republic of China from the mainland to Taiwan. Because Li's saga is so deeply imbued with the unique culture and complex history of Taiwan, an introduction explaining the cultural and historical background of the novel is included to help orient the reader to this amazingly rich cultural context. This informative introduction and the sweeping saga of the novel itself together provide an important view of Taiwan's little known colonial experience.
