When Sophie can't solve a math puzzle, she feels upset and inadequate. "I CAN'T DO IT!" she shouts, expressing the frustration all of us feel when we try and fail. Will she ever be "smart" like her sister? Maybe she isn't smart at all. Luckily Sophie's teacher steps in. What does it mean to be smart? Using current, popular "mindset" techniques, Sophie's class is taught that we get smarter when we exercise our brains, such as when we work harder at solving a puzzle. Struggling to solve a problem doesn't mean "I can't do it!" Sophie and her classmates just can't do it... yet! Readers will cheer when Sophie finally prevails, and at the end of the day, she's confident and optimistic. At home, Sophie uses her new technique to help her dad solve a carpentry puzzle. In this third book about Sophie, Molly Bang again helps children deal with a challenging everyday issue, providing an opening to ask: What do you do when you think, "I can't!"?

Adventures in Toyland (1897) is a children's novel by Edith King Hall. The fifth of seven relatively unknown children's novels by Edith King Hall is a quirky, fun, and incredibly original story for children and adults alike. Reminiscent of E. T. A. Hoffmann's "The Nutcracker and the Mouse King," Adventures in Toyland is an underappreciated classic from a master of Victorian fiction. "All sorts of toys were to be found in that toy-shop. It was truly a place to please any child! A little girl, who had come to stay there with her aunt—the owner of the shop—and her little cousin, was always to be found amongst the toys; she was forever picking up and admiring this one, stroking that one, nursing another. All her spare moments were spent in the shop." While playing in her aunt's toy shop, a young girl has a magical encounter with a mysterious Marionette, who informs her that the world of toys is just as real as the world of human beings. Given the chance to speak with the Marionette for two weeks—after which the toy will go silent forever—the young girl enjoys tales of conflict and adventure set in a wonderful kingdom of creatures and toys alike. From the tale of "The Rabbit and the Mouse" to the story of Belinda the wax doll and Jack, "the curly-headed Sailor-Boy," Hall never ceases to astound. With a beautifully designed cover and professionally typeset manuscript, this edition of Edith King Hall's Adventures in Toyland is a classic work of British children's literature reimagined for modern readers.
