A tale of marriage, child-rearing, and vaginas that eat people. A man is arrested in the middle of the night. He doesn't know why. He doesn't remember committing any crime. The cops drop him off in a small community in the middle of the woods where a wedding is about to begin. It is his wedding. He doesn't recognize the bride, but she's allegedly pregnant with his children. All twelve of them. And by law, he must marry her or go to prison for the next two decades. But who is this strange woman he is to spend the rest of his life with? She doesn't seem quite human. Her expressions are cold and emotionless. Her movements are like that of a spider. She is Usagi, a creature who feeds on her human mate during pregnancy. Now this man has to find a way to terminate the marriage if he is to survive. But it's not going to be easy. His friends, his family, and his country are all against him. They believe a father should be willing to give up anything for the sake of his family. Even his life. Like Franz Kafka's "The Trial" meets an erotic body horror version of "The Blob," this darkly absurd tale is classic Mellick.

Tom Perrotta's thirty-ish parents of young children are a varied and surprising bunch. There's Todd, the handsome stay-at-home dad dubbed "The Prom King" by the moms of the playground; Sarah, a lapsed feminist with a bisexual past, who seems to have stumbled into a traditional marriage; Richard, Sarah's husband, who has found himself more and more involved with a fantasy life on the internet than with the flesh and blood in his own house; and Mary Ann, who thinks she has it all figured out, down to scheduling a weekly roll in the hay with her husband, every Tuesday at 9pm. They all raise their kids in the kind of sleepy American suburb where

nothing ever seems to happen—at least until one eventful summer, when a convicted child molester moves back to town, and two restless parents begin an affair that goes further than either of them could have imagined.

Unexpectedly suspenseful, but written with all the fluency and dark humor of Perrotta's previous novels, *Little Children* exposes the adult dramas unfolding amidst the swingsets and slides of an ordinary American playground.

"Eight desperate castaways find themselves stranded on a mysterious deserted island. They are surrounded by poisonous blue plants and an ocean made of acid. Ravenous creatures lurk in the toxic jungle. The ghostly sound of crying babies can be heard on the wind. Once they realize the rescue ships aren't coming, the eight castaways must band together in order to survive in this inhospitable environment. But survival might not be possible. The air they breathe is lethal, there is no shelter from the elements, and the only food they have to consume is the colorful squid-shaped tumors that grow from a mentally disturbed woman's body."--Page 4 of cover.

When *Satan Burger* was first being passed around among teenage punks and fans of weird art and film, there was nothing else like it. A book of rebellious spirit that simplistically captured the postmodern malaise of a culture obsessed with consumerism. It quickly gained an underground following, was transcribed by fans and bootlegged online, was translated into Russian and made its way around the world attracting the attention of readers bored with typical mainstream fare. Combining a satirical wit and style on par with legendary humorists such as Kurt Vonnegut and Russell Edson with the crazy punk ethos of cult film directors such as Terry Gilliam, David Lynch, and Takashi

Miike, this was a book overflowing with so many new ideas and absurd philosophies that it not only launched the career of underground author Carlton Mellick III, but inspired an entire literary movement. For the fifteenth anniversary of the release of this Bizarro Fiction classic, Eraserhead Press is thrilled to present this special hardcover edition, featuring an introduction by splatterpunk legend John Skipp, illustrations by Ryan Ward, and a new preface by the author. Satan Burger explores a new kind of apocalypse. Not an apocalypse caused by disease or nuclear war, but an apocalypse of boredom. A plague of monotony has spread across the countryside, sucking all passion and inspiration out of everyone over the age of twenty-five, leaving only the disenfranchised youth to fend for themselves in a world crumbling around them. Featuring a narrator who sees his body from a third-person perspective, a man whose flesh is dead but his body parts are alive and running amok, an overweight messiah, the personal life of the Grim Reaper, a race of women who feed on male orgasms, and a motley group of squatter punks that team up with the devil to find their place in a world that doesn't want them anymore.

“A twisted modern love story” (Parade), *Tell Me Lies* is a sexy, thrilling novel about that one person who still haunts you—the other one. The wrong one. The one you couldn’t let go of. The one you’ll never forget. Lucy Albright is far from her Long Island upbringing when she arrives on the campus of her small California college and happy to be hundreds of miles from her mother—whom she’s never forgiven for an act of betrayal in her early teen years. Quickly grasping at her fresh start, Lucy embraces college life and all it has to offer. And then she meets Stephen DeMarco. Charming. Attractive. Complicated. Devastating. Confident and cocksure, Stephen sees something in Lucy that no one else has, and she’s

quickly seduced by this vision of herself, and the sense of possibility that his attention brings her. Meanwhile, Stephen is determined to forget an incident buried in his past that, if exposed, could ruin him, and his single-minded drive for success extends to winning, and keeping, Lucy's heart. Lucy knows there's something about Stephen that isn't to be trusted. Stephen knows Lucy can't tear herself away. And their addicting entanglement will have consequences they never could have imagined. Alternating between Lucy's and Stephen's voices, *Tell Me Lies* follows their connection through college and post-college life in New York City. "Readers will be enraptured" (Booklist) by the "unforgettable beauties in this very sexy story" (Kirkus Review). With the psychological insight and biting wit of *Luckiest Girl Alive*, and the yearning ambitions and desires of *Sweetbitter*, this keenly intelligent and supremely resonant novel chronicles the exhilaration and dilemmas of young adulthood and the difficulty of letting go—even when you know you should.

"A story by USA Today bestselling author becomes a comic" For years, Andreas Xenakis had a single-minded determination to find Siena DePiero and exact his revenge on her for ruining his life. Siena, once a rich socialite, now works as a waitress to make ends meet after her father's company went into bankruptcy. The two meet once again and the attraction they felt all those years ago comes rushing back. Andreas is determined not to let his desire for Siena get in the way of his revenge, and Siena is overcome with the guilt of what she did to him. So when Andreas makes Siena an offer that is too tempting to turn down, what will they do? Will Andreas's anger overcome his desire for Siena? Will Siena summon the courage to tell him the truth?

Riverdale, Viola Kingsley throws all caution to the wind when adventure calls in the form of a handsome aristocrat. . . . Two years after the death of the Earl of Riverdale, his family has overcome the shame of being stripped of their titles and fortune--except for his onetime countess, Viola. With her children grown and herself no longer part of the social whirl of the ton, she is uncertain where to look for happiness--until quite by accident her path crosses once again with that of the Marquess of Dorchester, Marcel Lamarr. Marcel Lamarr has been a notorious womanizer since the death of his wife nearly twenty years earlier. Viola caught his eye when she herself was a young mother, but she evaded his seduction at the time. A prize that eluded him before, she is all the more irresistible to him now although he is surprised to discover that she is as eager now for the excitement he offers as he is himself. When the two defy convention and run away together, they discover that the ties of respectability are not so easily severed, and pleasure can ensnare you when you least expect it. . . .

Ten ridiculously stereotypical consumer victims (a yuppie, a housewife, a retiree, a jock, a bible thumper, a cowboy, a preppy, a gamer, a goth, and a white suburban gangsta) find themselves unable to leave the mall one day. There is nothing stopping them. The doors are unlocked. Other shoppers are able to come and go as they please. But for some inexplicable reason, these ten people cannot pry themselves away from their shopping miasma. The mall closes, and they won't leave. Days pass, and they're still there, eating meals in the food court and sleeping in department store bedroom displays. Then they begin to die off, one by one, murdered by a mysterious killer, and they still won't allow themselves to escape.

A weird-as-hell gangster story set in a world where people drive giant mechanical dinosaurs instead of cars. Her name is Psycho June Howard, aka Armadillo Fists, a woman who replaced both of her hands with living armadillos. She was once the most bloodthirsty fighter in the world of illegal underground boxing. But now she is on the run from a group of psychotic gangsters who believe she's responsible for the death of their boss. With the help of a stegosaurus driver named Mr. Fast Awesome-who thinks he is God's gift to women even though he doesn't have any arms or legs-June must do whatever it takes to escape her pursuers, even if she has to kill each and every one of them in the process. Strange, engaging characters, breakneck pacing, and jam-packed with more brilliantly weird concepts than you'll know what to do with-this is bizarro cult author Carlton Mellick III at his best.

A surreal sexual nightmare by cult bizarro author Carlton Mellick III. In a dark future where males have become extinct, humans are forced to breed with factory-manufactured living fuck-toys that possess an abundance of both male and female sex organs. One such creature is adopted by a warrior dominatrix named Celsia, who is trying to have a baby. But once she takes her new merchandise home, things don't quite go as planned. Wild tribes of rapists, women with multiple vaginas covering their bodies, sex tournaments, erotic mutilation, and a giant vagina possessing the secrets of the universe, this is one ugly perverted hell of a world. Told in Mellick's early schizophrenic prose style, *Razor Wire Pubic Hair* is like postmodern minimalistic art mixed with Japanese "guro" porn.
