The Leadership Experience / Edition 7 by Richard L. Daft ...

There are two persistent myths about leadership: that only a few people have the innate personality characteristics to become leaders, and that

leadership is a position. But leadership is an observable set of skills and abilities that anyone can learn, given the motivation, desire, practice, feedback, role models, and coaching.

The most trusted source of leadership wisdom, updated to address today's realities The Leadership Challenge is the gold-standard manual for effective leadership, grounded in research and written by the premier authorities in the field. With deep insight into the complex interpersonal dynamics of the workplace, this book positions leadership both as a skill to be learned, and as a relationship that must be nurtured to reach its full potential. This new sixth edition has been revised to address current challenges, and includes more international examples and a laser focus on business issues; you'll learn how extraordinary leaders accomplish extraordinary things, and how to develop your leadership skills and style to deliver quality results every time. Engaging stories delve into the fundamental roles that great leaders fulfill, and simple frameworks provide a primer for those who seek continuous improvement; by internalizing key insights and putting concepts into action, you'll become a more effective, more impactful leader. A good leader gets things done; a great leader aspires, inspires, and achieves more. This book highlights the differences between good and great, and shows you how to bridge the chasm between getting things done and making things happen. Gain deep insight into leadership's critical role in organizational health. Navigate the shift toward team-oriented work relationships. Motivate and inspire to break through the pervasive new cynicism. Leverage the electronic global village to deliver better results. Business is evolving at an increasingly rapid rate, and leaders must keep pace with the changes or risk stagnation. People work differently, are motivated differently, and have different expectations today—business as usual is quickly losing its effectiveness. The Leadership Challenge helps you stay current, relevant, and effective in the modern workplace.

Uniquely organized around the AONE competencies, this trusted resource gives you an easy-to-understand, in-depth look at today's most prevalent nursing leadership and management topics. Coverage features the most up-to-date, research-based blend of practice and theory related to topics such as: the nursing professional's role in law and ethics, staffing and scheduling, delegation, cultural considerations, care management, human resources, outcomes management, safe work environments, preventing employee injury, and time and stress management. UNIQUE! Chapters divided according to AONE competencies for nurse leaders, managers, and executives. Research Notes in each chapter summarize relevant nursing leadership and management studies and highlight practical applications of research findings. Case Studies at the end of each chapter present real-world leadership and management situations and illustrate how key concepts can be applied to actual practice. Critical Thinking Questions at the end of each chapter present clinical situations

followed by critical thinking questions to help you reflect on chapter content, critically analyze the information, and apply it to the situation. NEW! Full-color design makes content more vivid and realistic. NEW! Chapter on Communication and Care Coordination covers these integral topics. NEW! Updates to critical thinking exercises, case studies, research notes, and references offer the most current information. NEW! Updated sections on Current Issues and Trends reflect the latest topics in the field. NEW! Relevant Web Sites boxes provide authoritative resources for additional research.

Children in today's world are inundated with information about who to be, what to do and how to live. But what if there was a way to teach children how to manage priorities, focus on goals and be a positive influence on the world around them? The Leader in Me is that programme. It's based on a hugely successful initiative carried out at the A.B. Combs Elementary School in North Carolina. To hear the parents of A. B Combs talk about the school is to be amazed. In 1999, the school debuted a programme that taught The 7 Habits of Highly Effective People to a pilot group of students. The parents reported an incredible change in their children, who blossomed under the programme. By the end of the following year the average end-of-grade scores had leapt from 84 to 94. This book will launch the message onto a much larger platform. Stephen R. Covey takes the 7 Habits, that have already changed the lives of millions of people, and shows how children can use them as they develop. Those habits -- be proactive, begin with the end in mind, put first things first, think win-win, seek to understand and then to be understood, synergize, and sharpen the saw -- are critical skills to learn at a young age and bring incredible results, proving that it's never too early to teach someone how to live well.

The sixth edition of this classic text continues its popular interdisciplinary approach to the topic of leadership by examining fundamental elements of military leadership: the 'process' of leadership, the dynamic personal interactions between leader and followers, and the individual and organizational values that foster effective military leadership. Military Leadership provides a thoroughly reconsidered and greatly expanded mix of classic and contemporary articles as well as original essays, with authors representing all of the services. Incisive introductory essays to each section highlight themes and connections. Eric B. Rosenbach joins the editorial team for this edition, helping infuse the text with fresh perspectives. The essays of the sixth edition confront the kudos and criticisms that surround military leadership today, offer international viewpoints, and relate military leadership to contemporary leadership theory and approaches.

The Leadership Experience in Asia is the Asian adaptation of The Leadership Experience, 2/e by Daft. It integrates both micro and macro approaches to leadership and brings advanced concepts and practices of the leadership experience, most of which originated in the West, to within reach of anyone who wants to lead effectively in Asia. By plugging into models of effective leadership, it demonstrates how the numerous leadership concepts and international practices can be applied in Asia.

The paths that leaders walk significantly influence their success, offering differential opportunities and challenges. While conventional wisdom suggests that leadership styles and approaches may be equally effective across all situations, more recent research demonstrates the importance of employing strategies more specifically aligned with the context. This book offers critical insights and strategies, currently missing from the repertoire of leaders and their supporters, for managing across six distinct paths into leadership positions: promoted, hired, elected, appointed, founded, and family legacy. It illustrates lessons drawn from within and across paths, presented through themes, quotes, and stories drawn from interviews with over 60 successful leaders (executives, politicians, entrepreneurs, and more). While it is evident that these paths differ, those who study, hire, mentor, and coach leaders rarely consider the distinctions, nor suggest what may be learned across the paths. The emerging leaders, HR professionals, researchers, and coaches among the book's readers will learn not only from those who have walked one particular path, but also from the experiences of those trekking in other directions. Most leaders will cross from one path to another over the course of their career. Some executives interviewed for the book worked their way up the ladder in one company, only to be recruited to fill a C-suite position in another company. Others were appointed to high-level government positions after stints as elected officials. The authors identify major distinctions when moving across the six paths. By reading this book, leaders and those who support them will develop greater self-awareness about each path so they can better leverage and manage their new challenges and opportunities from the first day in their new leadership position.
