~~The Liar (novel) - Wikipedia~~

~~Stephen Fry is a wit and raconteur if ever there was one. His first novel "The Liar" is an interesting, erudite, comic, and witty semi thriller all in one package. The protagonist of this novel, one Adrian Healey, is always lying to and fooling others. In no great irony the person he is lying to the most is himself.~~

~~Author Every bit as urbane, loquacious and rip-roaringly hilarious as you would expect from the colossal intellect of Stephen Fry, The Liar is one of the great evocations of Cambridge University in modern literature. Seamlessly blending campus comedy with a skewed espionage novel, this is a hugely impressive debut from a formidable polymath.~~
