Author of over a dozen bestsellers, Academy Award-winning screenwriter, and creator of some of television's greatest hits, Sheldon has seen and done it all, and now in this candid memoir, he shares his story for the first time.

In this unforgettable memoir, first-time author Julie Kraft takes readers on an intimate journey through her struggles and triumphs with bipolar disorder. No stone is left unturned. In baring her skeletons and soul, Julie offers a rare glimpse into a world that affects millions but is often misrepresented, feared, or hidden. It is Julie's greatest hope that in sharing her story she will open minds, shatter stigma, and offer hope to those walking a similar path.

The Other Side of Me was inspired by

the authors recognition of the realities of the ups and downs of life and the pursuit of the heart that so often go unrecognized or ignored. This book is his pursuit of a level of emotional and spiritual integrity through what I hoped to be an honest self evaluation of what "truly matters". Although my initial inclination was to achieve a sense of order through dividing the book into two sections, 1. Thoughts on Love, and 2. Thoughts on life, I decided against this separation because I realize that life rejects such an orderly division and encompasses both life and love indiscriminately as they show up. Under no circumstances is this writing meant to substitute my own reality for another's reality but rather to inspire and motivate others to seek the truth of their own reality pulling it from behind the camouflage

that life uses to cover or disguise the truth and thus preventing us from being truly free.

The Other Side of Me: Short Romance Story is about different scenarios. I wanted to have my readers use their imagination in some of these stories. I tried to use humor, sadness, and passion so you could feel those emotions. All of us have dreams and fantasies, so tried to bring some of them to life in these stories.

This book is about a girl who must discover who she really is through bullying, and friendship. She think all will go well, but time will tell.

Out of the Night Out of the stillness of the night
Came the sound of the night bird's trill
It came through the window

loud and clear From the brow of the
distant hill. As I lay there and listened
To his melodious call The answering
trill came in on the wind Faintly, barely
heard at all. ¶Twas a glorious thing of
joy to hear Such beauty out of sight It
made me know that God was there In
the stillness of the night.

Two girls, one white and one black,
gradually get to know each other as
they sit on the fence that divides their
town.
