The Tolkien Years of the Brothers Hildebrandt; Hildebrandt, ...

The Years of the Trees begin after that. Other versions of the legendarium. In Tolkien's latest writings in which Arda was a round world from its beginning, the Sun and Moon (and the Two Trees for a time) had always given light to Arda, and the Two Lamps never existed. References

Years of the Lamps - Tolkien Gateway

On the first page J.R.R. Tolkien wrote "Time Scheme" and stated that 'Ages' last about 3,000 years, although the Second Age was to be approximately 3,500 years long. Númenor was established 10 years after the Great Battle, Eiros reigned for 410 years, eleven more kings followed with an average reign of 240 years each, and the last king reigned for 220 years, which all added up to 3,280 years.

The Tale of Years of the Second Age - Tolkien Gateway

That being said, when you consider EA Redwood Shores| journey through Tolkien's legendarium over six years in the early 2000s, it makes sense that the studio was gearing up to go hard. Tremmel says that for The Two Towers, the team was mostly focused on combat and level flow.

Tolkien, The Sims, And The Godfather: The Story Of The ...

Tolkien never expected his stories to become popular, but by sheer accident a book called The Hobbit, which he had written some years before for his own children, came in 1936 to the attention of Susan Dagnall, an employee of the London publishing firm George Allen & Unwin, who persuaded Tolkien to submit it for publication.

So for three long ages, (which with a bit of Tolkien maths we can calculate as 2874.6 years as we'd reckon it), Melkor is locked away in the West, but Sauron is not locked away with him. Instead Sauron simply remains in Middle-earth, and he spends these long ages faithfully rebuilding Melkor's armies and awaiting his master's eventual return.

The year of publication was 1949, the same year that Tolkien finished The Lord of the Rings. It is generally considered to be a light, comical read in which Tolkien ¶laughs good-humoredly at much that is taken most seriously by his epic.¶

The Tolkien Reader - Wikipedia

The house that J.R.R. Tolkien lived in while writing The Hobbit and The Lord of the Rings is up for sale at 20 Northmoor Road in Oxford. As a result, members of the creative crew and cast who worked on Peter Jackson's Lord of the Rings film trilogy have teamed up to create Project Northmoor. This charity organization seeks to purchase the estate, and turn it into a center for all things Tolkien.

Gathers the paintings of Greg and Tim Hildebrandt that appeared in "The Lord of the Rings" calendars from 1976 to 1978 as well as concept sketches, photos, commissions, and new works by Greg Hildebrandt.

Gathers the Lord of the Rings paintings by Greg and Tim Hildebrandt while offering a glimpse of the artists' creative processes.

Author Greg Hildebrandt, Jr., son & nephew of the internationally renowned fantasy artists, witnessed the making of the paintings for the best-selling Tolkien calendars. In this lavishly illustrated book, he shares his recollections of their creation, from idyllic Hobbiton to fearsome Mordor. This volume includes a unique collection of original sketches & photographs for the paintings & is filled with commentary by the Hildebrandt Brothers. It also features a pull-out poster of an original painting, created especially for this book. Introduction by Ian Summers, the art director for the calendars who recognized the Hildebrandt brothers' unique talent.

The first ever publication of J.R.R. Tolkien's final writings on Middle-earth, covering a wide range of subjects and perfect for those who have read and enjoyed The Silmarillion, The Lord of the Rings, Unfinished Tales, and The History of Middle-earth, and want to learn more about Tolkien's magnificent world. It is well known that J.R.R. Tolkien published The Hobbit in 1937 and The Lord of the Rings in 1954/5. What may be less known is that he continued to write about Middle-earth in the decades that followed, right up until the years before his death in 1973. For him, Middle-earth was part of an entire world to be explored, and the writings in The Nature of Middle-earth reveal the journeys that he took as he sought to better understand his unique creation. From sweeping themes as profound as Elvish immortality and reincarnation, and the Powers of the Valar, to the more earth-bound subjects of the lands and beasts of Númenor, the geography of the Rivers and Beacon-hills of Gondor, and even who had beards! This new collection, which has been edited by Carl F. Hostetter, one of the world's leading Tolkien experts, is a veritable treasure-trove offering readers a chance to peer over Professor Tolkien's shoulder at the very moment of discovery: and on every page, Middle-earth is once again brought to extraordinary life.

Although the Brothers Hildebrandt are best known to the public as the illustrators of J.R.R. Tolkien's world of Middle-earth, they have created an array of unique paintings for the work many science fiction and fantasy writers. Here in forty color reproductions and numerous black and white illustrations, is the best of their work.

Tales and legends chronicling the world's beginnings and the happenings of the First Age set the stage for Tolkien's other classic works and focus on the theft of the Elves' jewels by Morgoth, first dark Lord of Middle-earth. Reissue.

The authorized biography of the creator of Middle-earth. In the decades since his death in September 1973, millions have read THE HOBBIT, THE LORD OF THE RINGS, and THE SILMARILLION and become fascinated about the very private man behind the books. Born in South Africa in January 1892, John Ronald Reuel Tolkien was orphaned in childhood and brought up in near-poverty. He served in the first World War, surviving the Battle of the Somme, where he lost many of the closest friends he'd ever had. After the war he returned to the academic life, achieving high repute as a scholar and university teacher, eventually becoming Merton Professor of English at Oxford where he was a close friend of C.S. Lewis and the other writers known as The Inklings. Then suddenly his life changed dramatically. One day while grading essay papers he found himself writing 'in a hole in the ground there lived a hobbit' -- and worldwide renown awaited him. Humphrey Carpenter was given unrestricted access to all Tolkien's papers, and interviewed his friends and family. From these sources he follows the long and painful process of creation that produced THE LORD OF THE RINGS and THE SILMARILLION and offers a wealth of information about the life and work of the twentieth century's most cherished author.

After discovering the true nature of the One Ring, Bilbo Baggins entrusts it to the care of his young cousin, Frodo, who is charged with bringing about its destruction and thus foiling the plans of the Dark Lord.

An expertly written investigation of the places that shaped the work of one of the world's best loved authors, exploring the relationship between worlds real and fantastical.

An introduction to the life and career of the "Father of High Fantasy."
