~~Toyota Way Academy | Improvement Kata | Coaching Kata~~

The Toyota Way is a set of principles and behaviors that underlie the Toyota Motor Corporation's managerial approach and production system. Toyota first summed up its philosophy, values, and manufacturing ideals in 2001, calling it "The Toyota Way 2001". It consists of principles in two key areas: continuous improvement, and respect for people.

~~The Toyota Way - Wikipedia~~

"You cannot Powerpoint your way to lean. The Toyota way is about learning by doing. In the early stages of lean there should be at least 80% doing and 20% training. The best training is training followed by immediate doing, or doing followed by immediate training."

~~Lean Six Sigma and the Toyota Production System~~

First let's break down the two concepts: The TPS house, in its simplest form is about: Seeking competitive advantage through customer satisfaction. By increasing the level of Just-in-time and Jidoka. Through engaging people into heijunka, standardized work and kaizen. Resting on a basis of stability.

14 Principles of The Toyota Way Principle #1 - "Base your management decisions on a long-term philosophy, even at the expense of short-term financial goals." Principle #2 - "Create a continuous process flow to bring problems to the surface." Principle #3 - "Use 'pull' systems to avoid overproduction."

~~14 Principles | The Toyota Way | Toyota — Lean Consulting~~

The Toyota Production System is an integrated socio-technical system, developed by Toyota, that comprises its management philosophy and practices. The TPS is a management system that organizes manufacturing and logistics for the automobile manufacturer, including interaction with suppliers and customers. The system is a major precursor of the more generic "lean manufacturing". Taiichi Ohno and Eiji Toyoda, Japanese industrial engineers, developed the system between 1948 and 1975. Originally call

~~Toyota Production System — Wikipedia~~

"The Toyota Production System is Toyota's unique approach to manufacturing. It is the basis for much of the lean production movement that has dominated manufacturing trends (along with Six Sigma) for the last 10 years or so." "The key to their operations was flexibility.

~~[notes] The Toyota Way — Joe Mercer on Svbtte~~

Respect for people is a key pillar of the Toyota Way and Lean thinking, yet many Lean organizations do not emphasize this enough. Invest in your people so committed employees show up and work hard at completing their job and improving their job every day.

~~The Toyota Way — Lean East~~

Known as either the T.P.S. or Toyota Way, it advocates for "an organizational culture of highly engaged people solving problems or innovating to drive performance," according to Jamie Bonini ...
