Overview. As The Future Laboratory co-founder Martin Raymond explains in his latest edition of The Trend Forecaster's Handbook, the world of forecasting has become increasingly complex and challenging as the science behind the sector continues to develop and grow. Previously, the focus was on identifying trends, while now it is about converting those trends into practical, profitable and market-specific solutions.

The Trend Forecaster's Handbook
'Firefighters who said they 'just knew what to do' were actually relying on what their years of experience bought them – the ability to recognise patterns, a sense of what is typical, the ability to see anomalies and their beliefs about what is possible.'
But back to those firefighters.
