From award-winning Norwegian author Arne Svingen comes "an uplifting coming-of-age story" (The Wall Street Journal) about a relentlessly positive teenager who uses his love of opera to cope with his less-than-perfect home life. Bart is an eternal optimist. At thirteen years old, he's had a hard life. But Bart knows that things won't get any better if you have a negative attitude. His mother has pushed him into boxing lessons so that Bart can protect himself, but Bart already has defense mechanisms: he is relentlessly positive...and he loves opera. Listening to—and singing—opera is Bart's greatest escape, but he's too shy to share this with anyone. Then popular Ada befriends him and encourages him to perform at the school talent show. Ada can't keep a secret to save her life, but

Bart bonds with her anyway, and her openness helps him realize that his troubles are not burdens that he must bear alone. The Ballad of a Broken Nose is a sweet story about bravery, fear, bullying, sports, and music. But most of all it is about the important days of your life, days when everything seems to happen at once and nothing will ever be the same again.

The Power of Plagues presents a rogues' gallery of epidemic-causing microorganisms placed in the context of world history. Author Irwin W. Sherman introduces the microbes that caused these epidemics and the people who sought (and still seek) to understand how diseases and epidemics are managed. What makes this book especially fascinating are the many threads that Sherman weaves together as he explains how plagues past and present have shaped Page 15/23

the outcome of wars and altered the course of medicine, religion, education, feudalism, and science. Cholera gave birth to the field of epidemiology. The bubonic plague epidemic that began in 1346 led to the formation of universities in cities far from the major centers of learning (and hot spots of the Black Death) at that time. And the Anopheles mosquito and malaria aided General George Washington during the American Revolution. Sadly, when microbes have inflicted death and suffering, people have sometimes responded by invoking discrimination, scapegoating, and quarantine, often unfairly, against races or classes of people presumed to be the cause of the epidemic. Pathogens are not the only stars of this book. Many scientists and physicians who toiled to understand, treat, and prevent these plagues are also featured. Sherman tells engaging tales of the development of vaccines, anesthesia, antiseptics, and

antibiotics. This arsenal has dramatically reduced the suffering and death caused by infectious diseases, but these plague protectors are imperfect, due to their side effects or attenuation and because microbes almost invariably develop resistance to antimicrobial drugs. The Power of Plagues provides a sobering reminder that plagues are not a thing of the past. Along with the persistence of tuberculosis, malaria, river blindness, and AIDS, emerging and remerging epidemics continue to confound global and national public health efforts. West Nile virus, Lyme disease, and Ebola and Zika viruses are just some of the newest rogues to plague humans. The argument that civilization has been shaped to a significant degree by the power of plagues is compelling, and The Power of Plagues makes the case in an engaging and informative way that will be satisfying to scientists and non-scientists alike.

The art of negotiation—from one of the country's most eminent practitioners and the Chair of the Harvard Law School's Program on Negotiation. One of the country's most eminent practitioners of the art and science of negotiation offers practical advice for the most challenging conflicts—when you are facing an adversary you don't trust, who may harm you, or who you may even feel is evil. This lively, informative, emotionally compelling book identifies the tools one needs to make wise decisions about life's most challenging conflicts.

As the landlord of The Dragon's Lair and leader of The Black Dragons Motorcycle Club, Axel Carmichael has seen it all and done it all. He's a respected and experienced dom. Nothing shocks him Page 18/23

any more, and nobody catches him off guard. When Bayden rides up to The Dragon's Lair on a bike worth more than most men earn in a year, and immediately demonstrates that he has far more attitude than sense, it's easy for Axel to write him off as a silly little rich boy who's about to get himself killed. But, there's more to Bayden than meets the eye. He's no silly little boy, rich or otherwise, and werewolves aren't easy to kill.

Learn to speak, understand, read, and write Hindi with confidence.

The school festival has arrived! In order to quell rumors that Kinjiro and Subaru are dating, Kinjiro has agreed to pretend to date Usami for the length of the festival. But nothing ever goes as planned for poor Kinjiro. Feeling spurned, Subaru crashes the mock date. This, Page 19/23

in turn, creates problems with Subaru's rabid fan club, as Kinjiro finds himself hunted across the campus by raging fangirls!

Have you been single longer than the Jews wandered the desert? Or are you newly single and hoping to hook up with a hot MOT*? Either way, Tamar Caspi is on a mission to help you find your Chosen One... and who better to do that than the advice columnist from the massively popular dating site JDate.com? In How to Woo a Jew, your very own Jewish Carrie Bradshaw takes you through each facet of the dating world—from traditional Jewish matchmaking and mixers to modern online dating portals, from honing your Jewdar to kosher sex. Whatever mishegas you've made of your Page 20/23

love life, Caspi has words of wisdom—and a few enlightening quizzes, charts, and illustrations—to help you find your Jewish soul mate. *Member of the Tribe

Norwegian: An Essential Grammar is a reference guide to the most important aspects of contemporary Norwegian as used by native speakers. The Grammar presents a fresh and accessible description of the language. Explanations are clear, free from jargon and often accompanied by exercises. The book gives a simple, step-by-step presentation of the grammatical systems of Norwegian and demonstrates and explains usages which have proved difficult for those learning the language in the past. It is clearly laid-out for easy reference making it accessible for those at a beginner/intermediate level. This is the ideal reference source for all learners, whether

studying independently or in a class.

A level 4 Oxford Bookworms Library graded reader. This version includes an audio book: listen to the story as you read. Retold for Learners of English by Clare West. In a hole under the floorboards Silas Marner the linen-weaver keeps his gold. Every day he works hard at his weaving, and every night he takes the gold out and holds the bright coins lovingly, feeling them and counting them again and again. The villagers are afraid of him and he has no family, no friends. Only the gold is his friend, his delight, his reason for living. But what if a thief should come in the night and take his gold away? What will Silas do then? What could possibly comfort him for the loss of his only friend?
