Children from poor
families generally
do a lot worse than
children from

Get Free What Money Cant

affluent families. They are more likely to develop behavior problems, to score lower on standardized tests, and to become adults in need of public assistance. Susan Mayer asks whether income directly affects children's life chances, as many

Get Free What Money Cant

experts believe, or if the factors that cause parents to have low incomes also impede their children's life chances. She explores the question of causation with remarkable ingenuity. First, she compares the value of income

Get Free What Money Cant

from different
sources to
determine, for
instance, if a dollar
from welfare is as
valuable as a dollar
from wages. She
then investigates
whether parents'
income after an
event, such as
teenage
childbearing, can
predict that event.

Get Free What Money Cant

If it can, this suggests that income is a proxy for unmeasured characteristics that affect both income and the event.

Next she compares children living in states that pay high welfare benefits with children living in states with low

Buy The Moral

benefits. Finally,
she examines
whether national
income trends

have the expected
impact on children.

Regardless of the
research

technique, the

author finds that

the effect of

income on

children's

outcomes is

Get Free What Money Cant

smaller than many experts have thought. Mayer then shows that the things families purchase as their income increases, such as cars and restaurant meals, seldom help children succeed. On the other hand, many of the things that do benefit

Get Free What Money Cant

children, such as books and educational outings, cost so little that their consumption depends on taste rather than income. Money alone, Mayer concludes, does not buy either the material or the psychological well-

being that children
require to succeed.

Despite the visions

In 1960, the

Everton had enjoyed success before Moore's takeover but things would never be the same again from

the moment he
walked through
Goodison's doors.
Although big clubs
had spent money
before, none had
done so with such
naked short-term
ambition and a
ruthlessness to
succeed that sent
shockwaves
through the
previously stagnant

world of English football. The new owner's ruthless streak was personified by his first major move, sacking the popular Johnny Carey in the back of a London taxi in April 1961. Everton would finish that 1960/61 season in fifth place, their highest

position since
World War Two, but
the Irishman's
affable nature cost
him his job. In his
place Moores
wanted a man in
his own image to
lead the club
forward and he
soon found him:
Harry Catterick.
Catterick was little
over 40 years old,

and had been an
Everton player
himself only ten
years before. But
as a boss he
exuded an aura
that demanded
respect and
obedience from his
players. It was a
characteristic that
won him few fans
but plenty of
trophies, and

Across the decade
Everton reasserted
themselves as one
of English football's
powerhouses,
winning two league
titles and an FA
Cup. Catterick's
ability to nurture
young products of
the club's youth set-
up such as Colin
Harvey and Joe
Royle was trumped

only by his mastery
of the transfer
market, allowing
him to sign the
great Howard
Kendall from
Preston North End
and World Cup
winner Alan Ball
from under his
rivals' noses.
Harvey, Kendall
and Ball would
soon form the

club's greatest
midfield trio, and
their brilliance
would underpin the
1969/70 title win, a
victory for free-
flowing football in
an era of cynicism.
That trophy would
be Everton's last
major honour for
14 years. In Money
Can't Buy Us Love,
Everton's official

Get Free What Money Cant

statistician Gavin
Buckland tells the
tale of how Moores
and manager Harry
Catterick took the
so-called 'Mersey
Millionaires' to the
summit of English
football, in the
context of the
major cultural
changes of the
time. The book
provides a forensic

character study of
both Catterick and
Moore, and also
delves into the
archives to provide
a definitive account
of the incidents
that rocked the
club in a fruitful but
turbulent decade,
including
allegations of
doping in the
1962/63 campaign,

the 1964 match-fixing scandal which signalled the end of Tony Kay's career and the shock sale of Alan Ball. Money Can't Buy Us Love offers fascinating insight into how strong personalities can take a team to the very top, but can also cause in its

ultimate downfall.
