~~Wheels for the World:
Henry Fo by Douglas
Brinkley...~~

The importance of
Henry Ford and his
company emerges, as
does the fascination of
Henry Ford the man.

Ford's role in
"originating the
universal car, in using

productivity as a means of increasing wealth of all, and in letting the assembly line set the pace of a modern economy" (p. 514) is never obscured by details of his personal foibles.
