Featuring a mix of primary source documents, articles, and illustrations, *Women's America: Refocusing the Past* has long been an invaluable resource. Now in its eighth edition, the book has been extensively revised and updated to cover recent developments in U.S. women's history.

Traces the role of American women in history, from the Iroquois matron and Puritan "goodwife" to the dual-role career woman and mother of the eighties

Read Book Womens America Volume 2 Refocusing The Past

Edward Clarke warned in his widely read *Sex in Education* (1873), "but she could not do all this and retain uninjured health, and a future secure from neuralgia, uterine disease, hysteria, and other derangements of the nervous system." For half a century, ideas such as Dr. Clarke's framed the debate over a woman's place in higher education almost exclusively in terms of her body and her health."

Presenting a diverse collection of documents, *Root of Bitterness* reaches from the colonial era through the nineteenth century, focusing on six dominant themes: women's work, the power of gender, the physical body, women's collective efforts, diversity and conflict among women, and women's relation to state authority. This edition contains about twenty selections from the

NATIONAL BESTSELLER "A vivid account of a remarkable life." --The Washington Post In this comprehensive, revelatory biography--fifteen years of interviews and research in the making--historian Jane Sherron De Hart explores the central experiences that crucially shaped Ginsburg's passion for justice, her advocacy for gender equality, and her meticulous jurisprudence. At the heart of her story and abiding beliefs is her Jewish background, specifically the concept of tikkun olam, the Hebrew injunction to "repair the world," with its profound meaning for a young girl who grew up during the Holocaust and World War II. Ruth's journey begins with her mother, who died tragically young but whose intellect inspired her daughter's feminism. It stretches from Ruth's days as

a baton twirler at Brooklyn's James Madison High School to Cornell University to Harvard and Columbia Law Schools; to becoming one of the first female law professors in the country and having to fight for equal pay and hide her second pregnancy to avoid losing her job; to becoming the director of the ACLU's Women's Rights Project and arguing momentous anti-sex discrimination cases before the U.S. Supreme Court. All this, even before being nominated in 1993 to become the second woman on the Court, where her crucial decisions and dissents are still making history. Intimately, personably told, this biography offers unprecedented insight into a pioneering life and legal career whose profound mark on American jurisprudence, American society, and our American character and spirit will reverberate deep into the twenty-first century and beyond. REVISED AND

UPDATED WITH A NEW
AFTERWORD

By turning upside down the traditional paradigm of women's history as one of rights, Kerber shows us that there is no "right" to be excused from the obligations of citizenship. Hers is an invaluable new way of understanding the history of women in America - and American history more generally.

Through Women ' s Eyes: An American History with Documents was the first text to present a narrative of U.S. women ' s history within the context of the central developments of the United States and to combine this core narrative with written and visual primary sources in each chapter. The authors ' commitment to highlighting the best and most current scholarship, along with their focus on

Read Book Womens America Volume 2

women from a broad range of ethnicities, classes, religions, and regions, has helped students really understand U.S. history Through Women ' s Eyes.

Designed to encourage critical thinking about history, the Major Problems series introduces students to both primary sources and analytical essays on important topics in U.S. history. Major Problems in American Women's History is the leading reader for courses on the history of American women, covering the subject's entire chronological span. While attentive to the roles of women and the details of women's lives, the authors are especially concerned with issues of historical interpretation and historiography. The Fourth Edition features greater coverage of the experiences of women in the Midwest and the West, immigrant women, and more voices of women of color. Key

pedagogical elements of the Major Problems format have been retained: 14 to 15 chapters per volume, chapter introductions, headnotes, and suggested readings. New! In Chapter 1, an exclusive essay by Kate Haulman examines the evolution of the field of women's history and the state of women's history today. New! Chapter 2 now focuses on Native American women, while a new Chapter 3 covers witches and their accusers in New England and the Salem witch trials. New! Chapter 6 draws on recent scholarship on the roles of ordinary and elite women in the numerous reform movements of the Early Republic. Revised! Chapter 7 rethinks and refocuses the text's coverage of women's roles in slavery and the Civil War, and more directly addresses the lives of African American women during and after slavery. New! Post-1960 coverage (in Chapters
